## Aims of Education, Chess Unchanged Through Ages

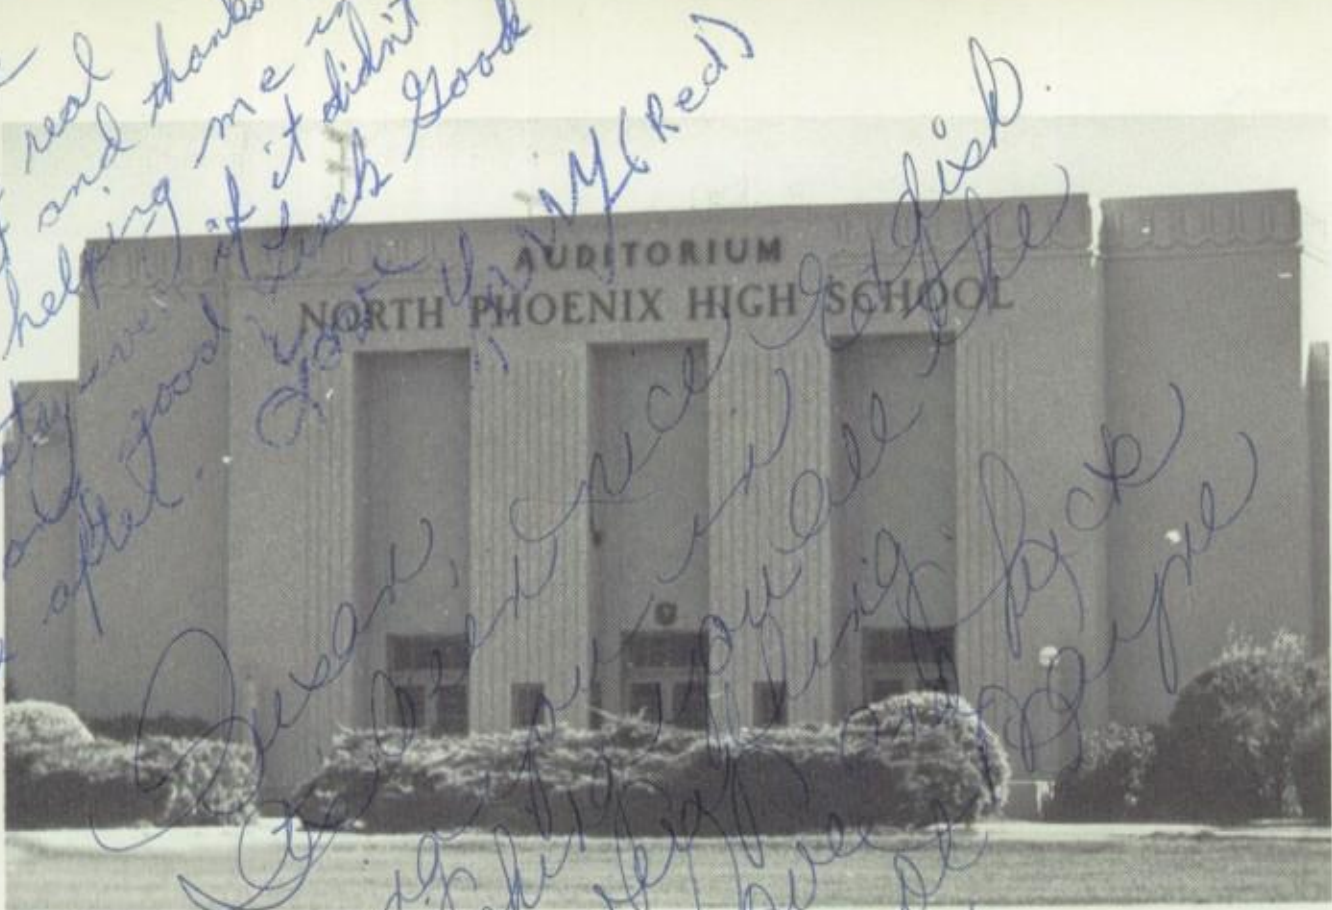

Chess is a game that has been entwined in centuries of history. Since sixth-century India, it has spread around the world. The game has been played in various ways with many different types of chessmen and playing boards. But, regardless of the style of play, chess is still basically the same.

Education, like chess, is an institution that has existed since ancient times. Most of the world's great men of old had some connection with education. Schools of one form or another have been found in every land and in every period of history. The teachers and pupils have changed greatly, and the methods of teaching have been revised again and again. Nevertheless, even though the forms of education have been altered, the rudiments are still the same.

North High School was a small part  
of the education of centuries, but North  
still had undergone the inevitable changes.  
The players were different; the pieces  
had been shifted. The playing board had  
been remodeled, and the mode of attack  
was not the same. Among both faculty  
and students unfamiliar faces were seen.  
The campus had been changed in many  
ways, altering the appearance of the  
school. New courses and new demands  
upon students had been integrated into  
a revised curriculum. Nonetheless, the  
traditions and ideas that had always been  
associated with North High School re-  
mained.

North High's 1962-63 school year greeted new administration, new faculty, new students. The curriculum had been altered, and the school itself had been remodeled. Even bell schedules were different. Many trees and shrubs had been replaced, providing the school with a new look. The stadium area was improved with the addition of another fence and more cemented areas. A new principal, Dr. James S. Carter, came to North along with thirty other new administrators and faculty members. Many old courses were deleted, and a great number of new classes were added. The halls and buildings had been improved by adding lighting. New administrative policies sometimes confused those long-familiar with old rules, but the school learned to appreciate the revised standards. North High moved on, but the essence that made up North High remained very much unchanged.

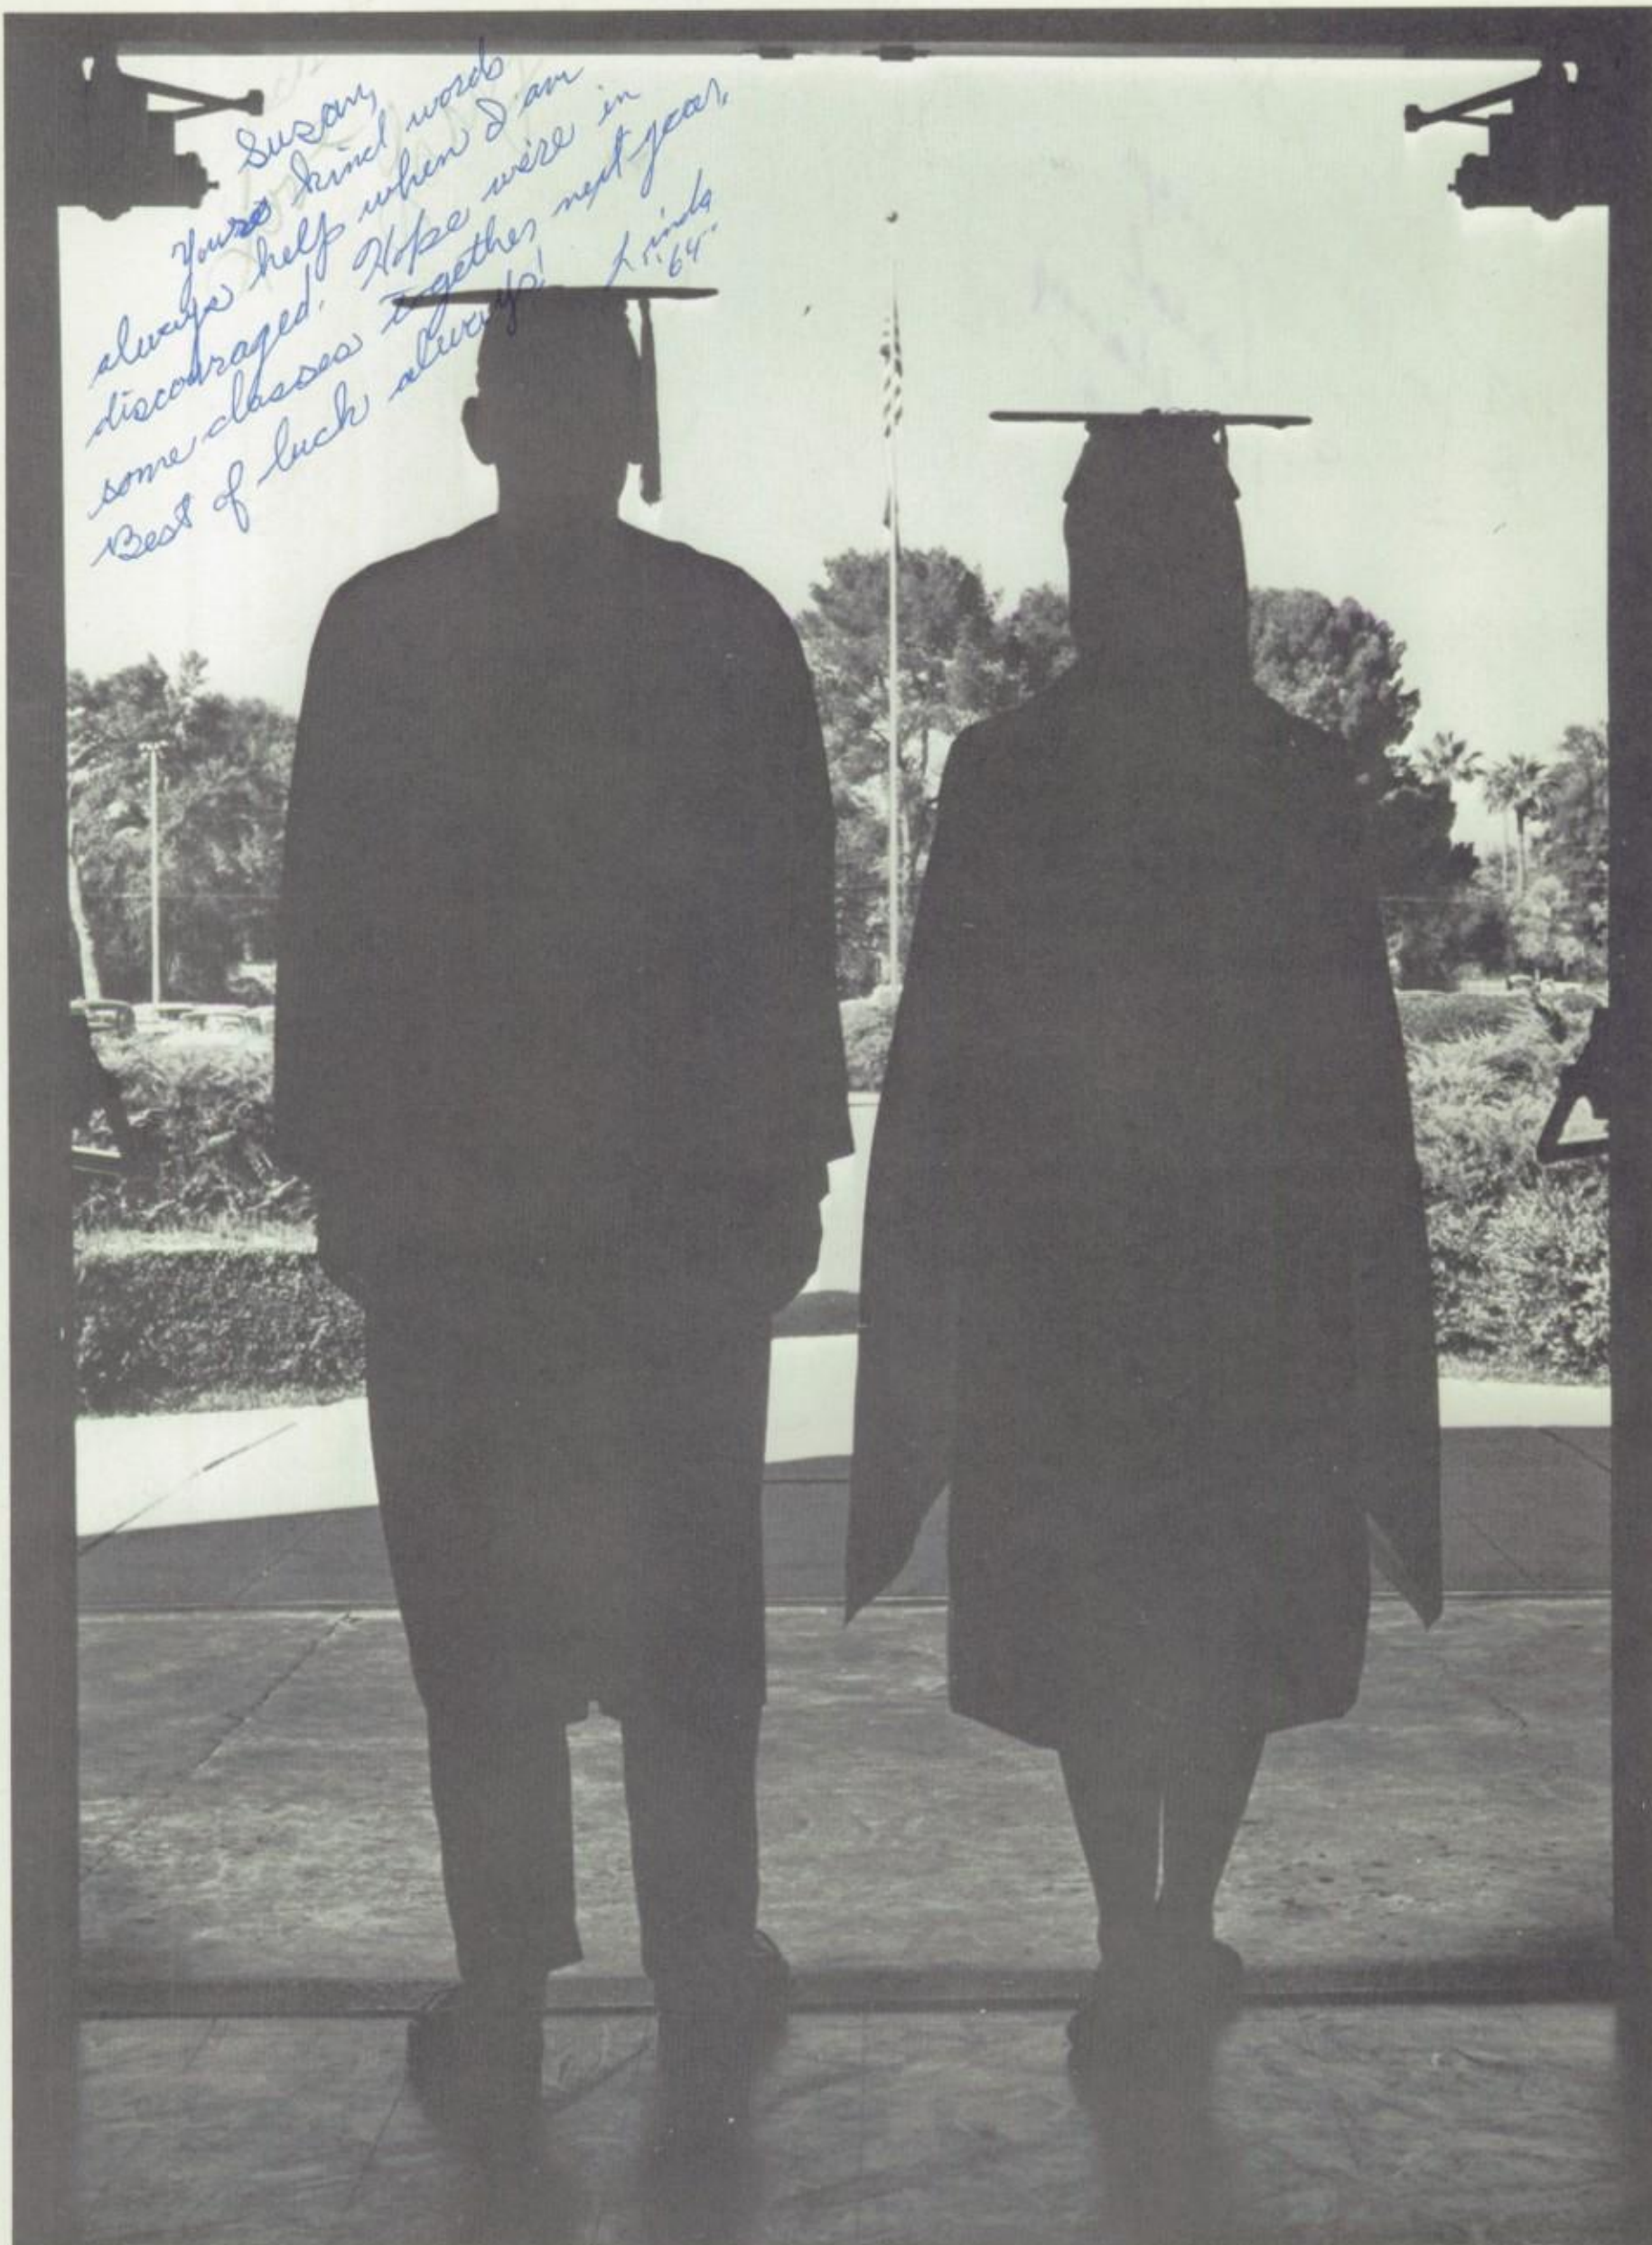

Chess is played by both young and old, by the learned and the unlearned. Not all who play master the game; not everyone gains the same benefits. Yet the influence of chess has spread to the peoples of all lands and ages.

Like chess, North High School moved on. The students moved slowly from the opening to the close of their game, sometimes falling back but always striving to gain an advance. The administration and faculty directed the students in their struggle. Schedules and courses were constantly revised so that the students might best benefit. The base for all of these was North, the playing board upon which the game was waged. All of the integral parts slowly changed, while North moved on.

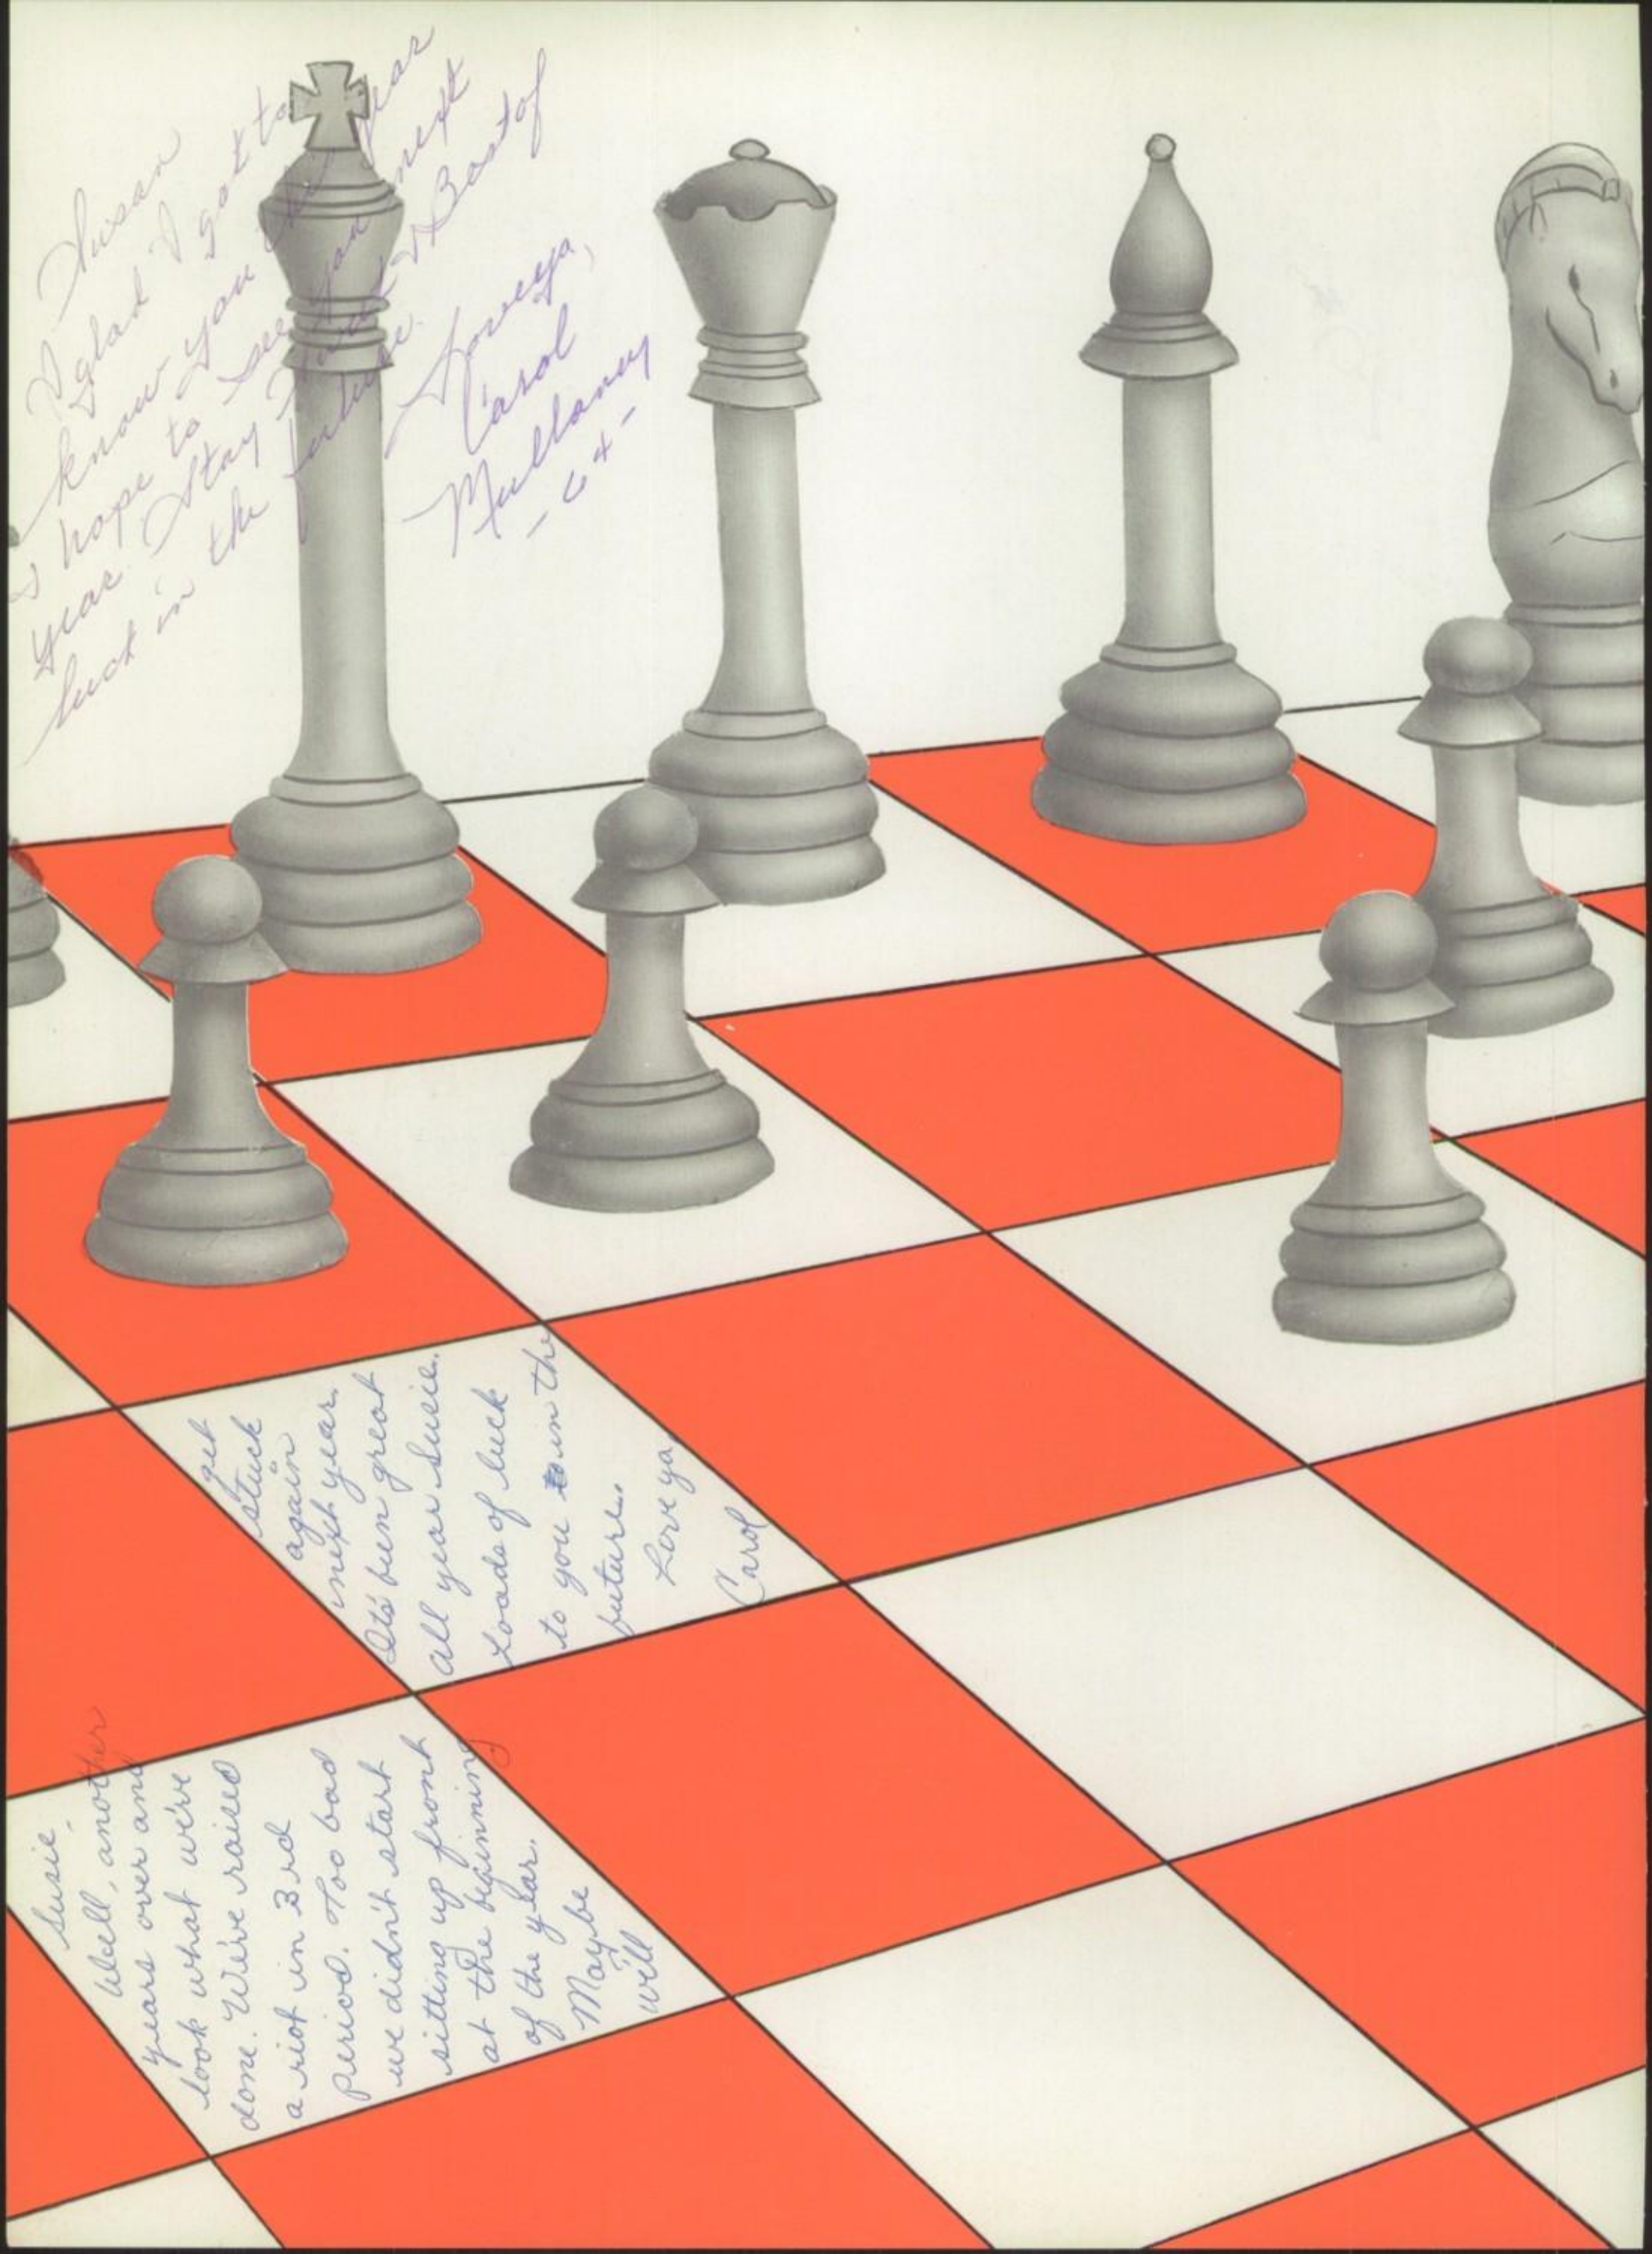

Susan,

# Faculty and Academic

Without the players, there would be no opening move. And, in the same way, without the administration and faculty, North High School could not have begun. As the players guide the chessmen, the administration and faculty guided the students from their opening through advances and setbacks into their closing moves. The opening is represented by traditional chess pieces, the most familiar of styles. Likewise, the most familiar part of North High was its academic and scholastic aspect. The players opened the game of 1962-1963 aiming for the traditions of academic achievement that had long been associated with North High School. The students could always rely on the support of the administration and faculty in their efforts. Without the players, there would be no chess game, and without the administration and faculty the educational system could not go on.

## System Problems Solved By Board of Education

The Board of Education had the demanding job of seeing that the high standards of North and other valley schools were upheld. As superintendent, it was Dr. Howard Seymour's job to see that the schools under his direction ran smoothly.

Dr. Seymour and the Board members were responsible for employing school officials, and determining school policies.

## Dr. Carter Completed First Year As North High Principal

North High's new principal was Dr. James S. Carter, former principal of Central High School. Having taught at North several years before, Dr. Carter was not a newcomer to either North or the Phoenix Union High School System.

During the 1962-1963 school year North changed and improved through the combined efforts of Dr. Carter and his administrative staff. Under his supervision North made advancements in scholastic and athletic endeavors.

## Advisory Board, Principal Determined School Policy

The Faculty-Administrative Advisory Board was composed of sixteen faculty members and administrators. Advising the principal on matters of policy was the main purpose of the Board.

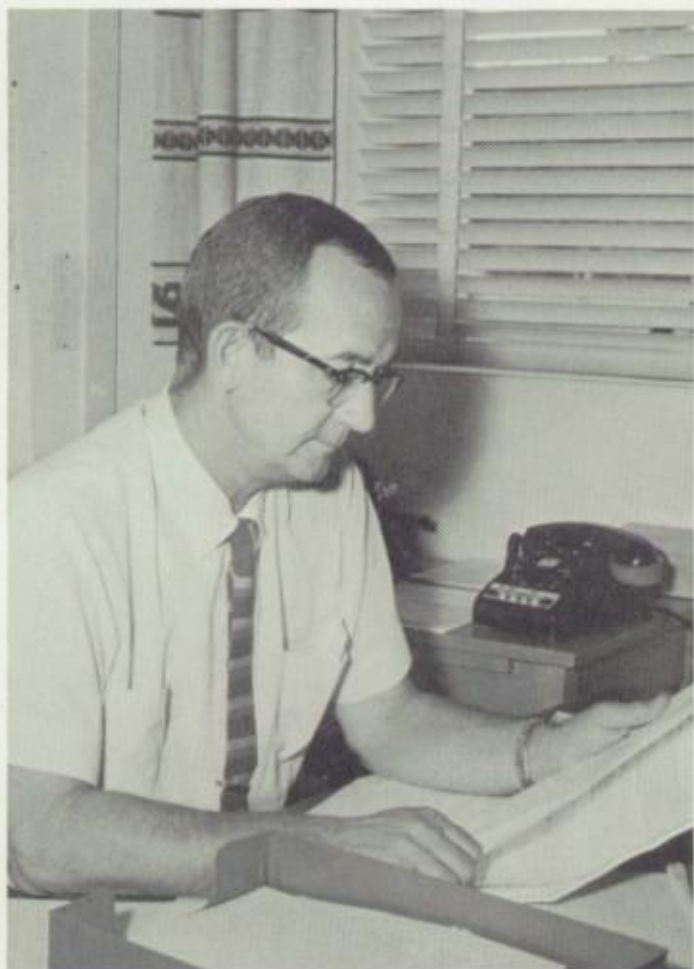

Matters concerning the school had to be cleared by the Board. Meetings were given to discussing and deciding matters brought up by Dr. Carter. The Board enabled the principal to have a representative idea of faculty members' opinions on problems brought before the group.

Mr. Stanley Cardon, Boys' Advisor, and Miss Vera McCormick, Dean of Girls, were responsible for coping with problems that arose concerning the two components of the student body. Mr. William Gates took charge of registration procedures, and Mr. Wayne Pitts was responsible for student discipline and activities.

Faculty-Administrative Advisory Board was FRONT ROW: Dr. Carter, Mr. Cheranich, Mr. Murphy, Miss McCormick, Miss Montgomery, Miss Bock, Miss Adams. BACK ROW: Mr. Belluzzi, Mr. Bridgewater, Mr. Nicolay, Mr. Craig, Mr. Pitts, Mr. Palmer, Mr. Gates.

Mr. John Murphy spent a great deal of time helping seniors solve their college questions.

## Test Results Interpreted Through Guidance Office

Additions to North's teaching staff included counselors. New at North High were Mr. Shumate, Mrs. Wellborn, and Mr. Murphy, head counselor.

The Guidance Department handled college and scholarship applications and helped underclassmen with their problems. From the battery of tests given to freshmen to those needed for college entrance, counselors interpreted and discussed the results and possible effects of the scores with the students. College catalogues and career information were available in the guidance offices. Students could make appointments with their counselors, and in some cases counselors would send for students if counseling was needed.

Henry Gauthier and Mr. West discussed school problems and study habits.

## Revised Freshman Course Studied Grammar, Writing

Freshman English students participated in a revised English program. Freshmen took one semester of English mechanics, which consisted of punctuation, capitalization, and word usage. Learning to express their ideas clearly and effectively in writing, freshmen were taught the need for a large vocabulary and correctness of spelling.

The last half of the school year was devoted to the reading of short stories and novels. Through this course the students learned to use books as tools for relaxation and pleasure, as well as for learning.

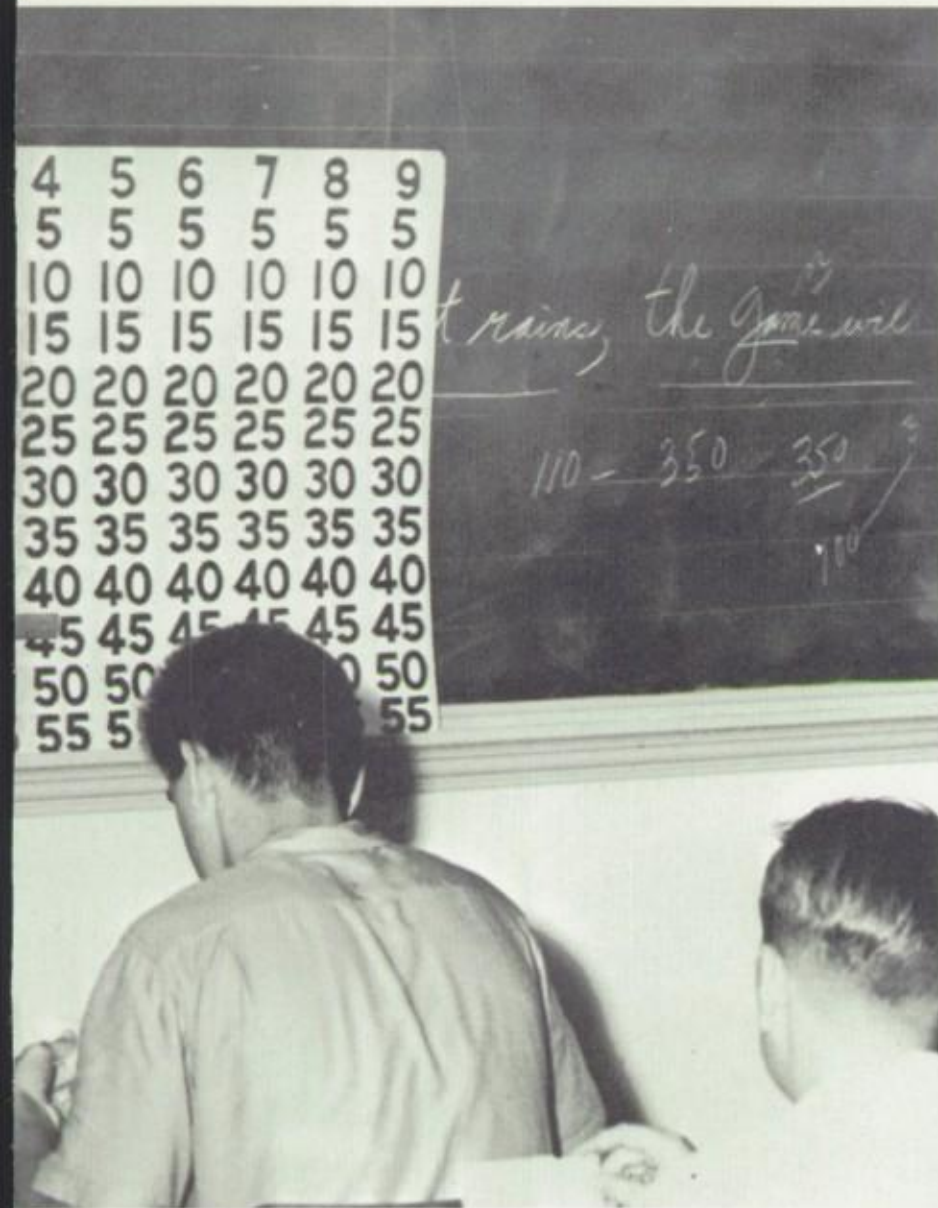

A wide variety of audio-visual materials were used in Freshman English.

## Sophomore Studies Based On Literature, Grammar

Writing and speech activities were coordinated with literature in sophomore English classes. Studies made in prose and poetry concentrated on concepts and ideas while longer, more difficult selections were studied for literary style and value. Poetry was discussed, and the author's meaning was extracted by students when the poem was analyzed.

Mechanics were stressed, and students learned by composing essays the value of writing as a means of communication. A constant source of reference material, the library was used by sophomores for written and oral work during the year.

Miss Poe, drama instructor, showed Clyde Rohrig and Ellen Thien the most effective hand gestures to use.

## Junior English Furnished Vital Literature Background

Junior English students traced the development of American literature from its beginning to present day. The English influence on literature was studied, as well as modern prose. An

author from each important phase of American history was chosen, and the changes of writing style and subject matter were studied.

The literary masters of England were studied in senior English. One of the most famous of Shakespeare's tragedies, *MACBETH*, was studied. Oral reports, discussion periods, and films helped to further class interest.

A research paper was an important assignment during one of the terms. Students were graded according to some college standards in order to prepare them for future work.

Miss Bock read examples of students' creative writing during an advanced English class.

## Language Barriers Few in the Twentieth Century

Today many colleges include at least two years of one foreign language among their entrance requirements. Unlike the schools of a few decades ago, modern schools usually offer a minimum of two different language courses.

North High offered German and French, in addition to the long-time standards, Spanish and Latin. Students were encouraged to take three or four years of the same language in order to become proficient in it.

## Domestic Skills Needed in rapidly Changing Life

Not only were more science and math courses offered, but home economics courses were more numerous. Classes dealt with human relationships, in addition to cooking and sewing. Courses dealing with teen and family relationships included both male and female students.

It was realized that good housewives were needed, as well as the astronauts and nuclear physicists who are important today. These courses helped create a well-balanced school curriculum.

Student-planned activities were enjoyed by play school children in human relations and child guidance classes.

There was dirty work in the preparation of meals. Sandra Pock, Wendy Pressler, and Vileen Reed helped clean up after a practice dinner in the home economics room.

## Study of History Helped Formulate People's Ideas

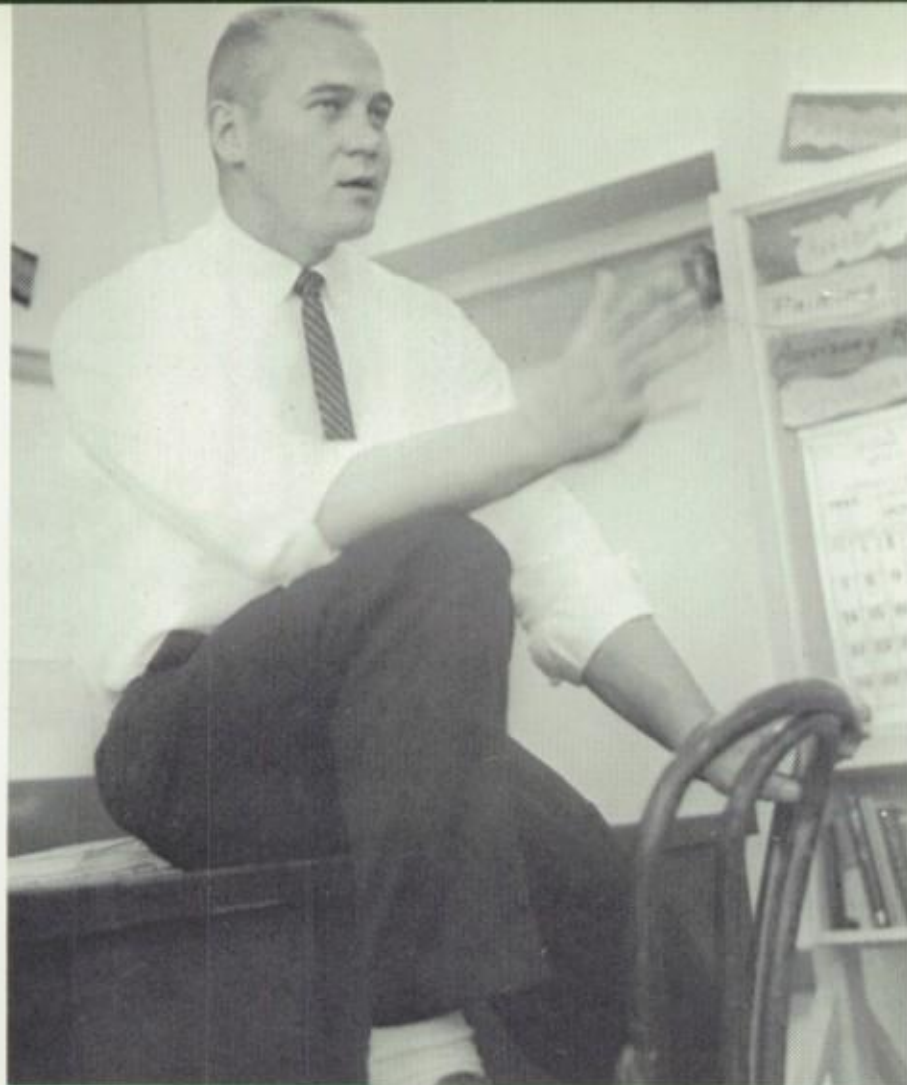

It has been said that history repeats itself. To know whether this statement is true, one must study man's achievements, from ancient civilizations through the age of enlightenment to the present.

Through a study of history and associated subjects, it is possible to decide about the validity of Oswald Spengler's idea that western civilization is declining and that history has definite cycles.

World geography was studied so that students would know the exact location of places under discussion.

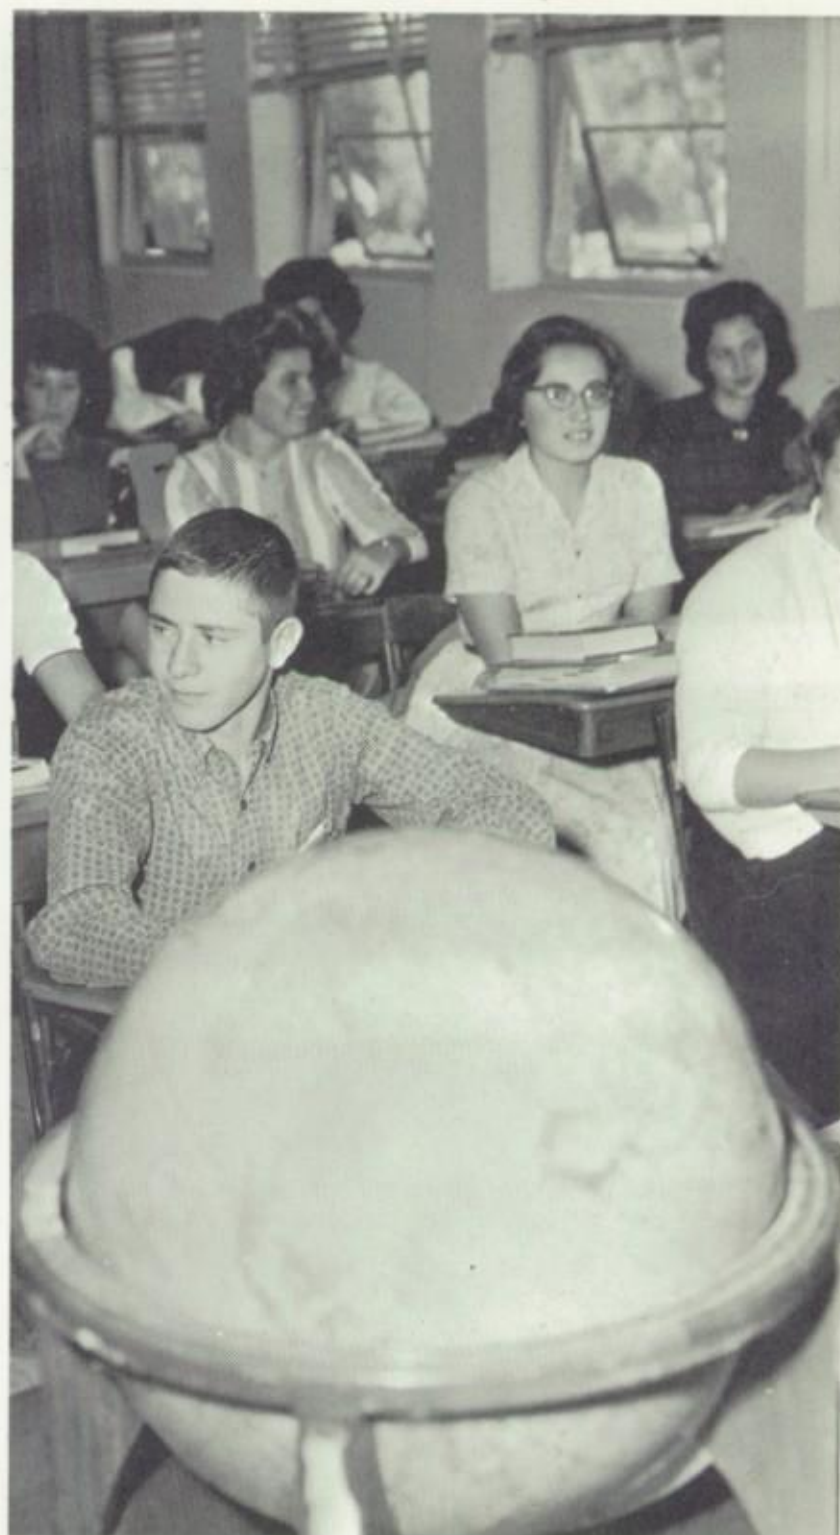

Informal atmosphere of classroom made learning easier in Mr. Covey's class.

## Metaphysics, Topography, World Problems Studied

Included in the social studies program were courses designed to prepare students for adult life. Humanity through the ages was studied and students were given an opportunity to expand their horizon by discussing philosophy, art, music, and related subjects.

The world was constantly under discussion in North High's international relations class.

Miss Adams and Del Rogers pointed out the world's trouble spots during class.

## Simple and Complex Math Courses Taught at North

Interest and ability in mathematics varied according to each individual. Some were only interested in the basic concepts, while others wanted to continue in this field.

Karl Abrahamson, senior at North, worked on a hydrocarbon molecule in organic chemistry.

More simple math courses stressed pragmatic values, while those with college level work concentrated on theories.

Senior science students worked on individual projects, which were entered in the Westinghouse competition.

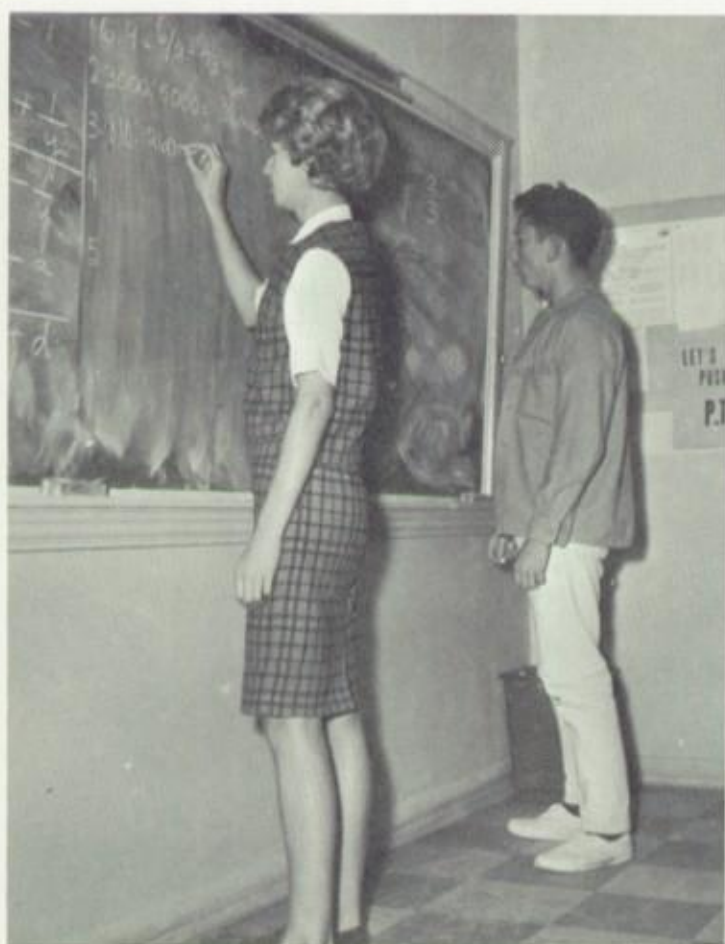

# Increased Interest Gained Through Science Courses

Students interested in the diverse phases of scientific study found a variety of subjects covered in North's science courses.

Studies were not confined to one part of science, and students' schedules could include courses ranging from biology to physics. Organic chemistry was offered to students with a strong science background.

Experiments done by Mr. Nichols and Lance Sherwood proved the value of having an agriculture course in high school.

Doing math problems on the board made them seem clearer to the students.

## Scientific Principles and Math Concepts Related

Closely related, math and science were used extensively during the past year. Along with the progress in scientific fields, concepts of math have expanded. Math was and is the language of science, its common denominator. An understanding of both allowed them to be coordinated.

*Best wishes to Sue. I have enjoyed very much having you in class. C.A. Brown*

One of the most familiar sights in chemistry was the Periodic Chart of the Elements. Mr. James Thomas explained to the class the properties of oxygen.

Editors Gary Schroeder and Linda Clements were the masterminds behind yearbook operations.

## Chaos and Pathos Found in the Publications Dept.

Publications courses were under the supervision of Mr. Robert Kasold. Under the control of student editors, both newspaper and yearbook were published. Last year preliminary plans were made for the production of a school magazine.

Discussing photo assignments were Mr. Kasold, yearbook staff advisor, Mr. Williams, photography supervisor, and Steve Ingebrigtsen, photographer. Prompt fulfillment of assignments was needed to make yearbook deadlines.

Students interested in business careers learned the operation of different business machines.

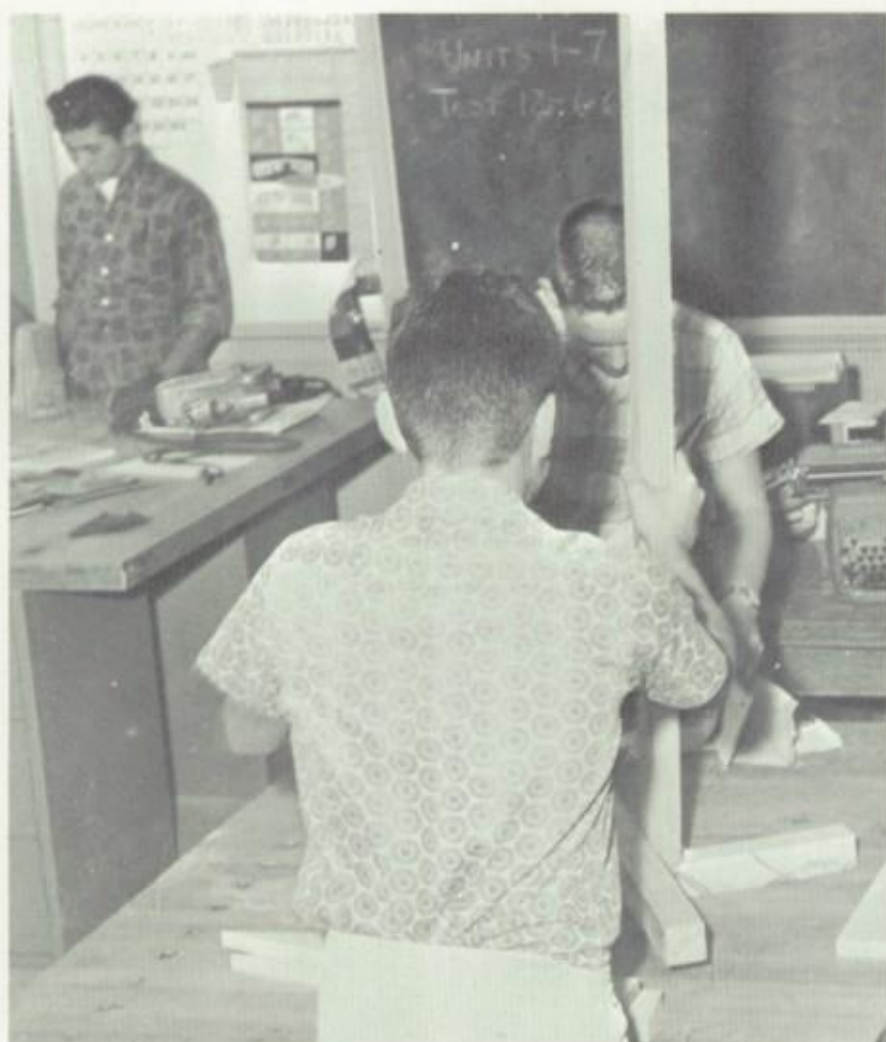

The adding machine Monte Brown operated, along with other business machines became an increasingly important factor in the business world.

## Business Practices Taught to High School Students

Typing has become almost a necessity for high school and college students. This course prepared the student for college or secretarial work.

The modern businessman needed numerous skills to be successful. Business law, bookkeeping, and office training gave students a chance to develop aptitudes and interests in the business profession.

In addition to learning basic concepts of working with wood, students worked on individual projects, which could be used in the home.

## Industrial Arts Courses Increased Manual Skills

Industrial arts courses helped boys increase their manual dexterity. Future electronics engineers found that instructions from electric shop gave them an idea of future problems.

Drafting classes were attended by those interested in engineering, and wood shop offered an opportunity for creative boys to use their skill. General shop gave boys instruction in a variety of phases of industry.

Blocks of wood glued together in woodshop were hollowed out to make vases and salad bowls.

## Fine Arts Enhanced the Curriculum of North High

Students who wanted to take non-solid courses in school often enrolled in one of several art or music courses offered at North. Either phase of the fine arts let pupils do work on projects of their own choice.

Beginning and advanced art taught students basic principles and ideas which helped them with drawing. Different media were used, and students created various types of work.

Don Sluter and Valerie Van Cleve worked on their three-dimensional, non-objective project for art class.

One exercise in art was drawing objects from real life. Janet deBerge finished the sketch during a specified time period.

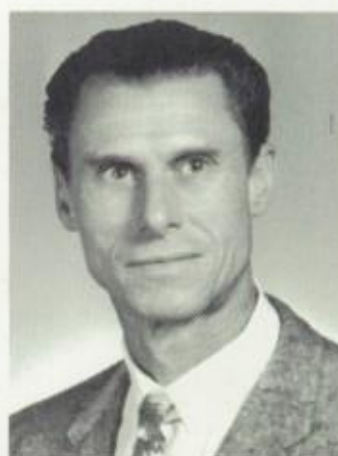

Band and orchestra members gained experience in playing several types of music. Among these were marches, concert, and show music. Special selections were arranged for presentation at assemblies.

Screams of agony and confusion filled the band room during lunch periods as dance band members rehearsed for a sports dance. Mr. Bagwell assisted in the direction of the band.

## Patriotism, Responsibility Encouraged in R.O.T.C.

Drill and classroom activities were coordinated in the Junior R.O.T.C. program at North. Boys learned leadership principles and traits through examples and experience. Care and firing of Army rifles was part of the training, and strategy used in previous wars was studied for feasibility and merit.

## Nourishing Meals Served by Cafeteria Employees

Planning menus and serving food were done by the cafeteria staff. The workers maintained strict sanitary conditions in the cafeteria, which was under the direction of Mrs. Prescott.

Students could have either campus lunches or choose items "a la carte." The cafeteria staff arranged food as well as prepared it so that it would have a certain amount of eye appeal to the students. During the last half of the year, music was played in the cafeteria.

Cafeteria management included both food preparation and paper work. Irene Walker spent part of the day figuring out menu changes.

## Maintenance of Grounds, Buildings Time-Consuming

Maintenance workers kept the external appearance of North looking presentable. This all-day and all-night job was done by a relatively small number of men, considering the size of campus and buildings.

Last year the maintenance men removed many trees and bushes from the campus. Room numbers were also changed.

Part of the Maintenance Department's job was sweeping all cemented areas. Rene Forrest spent afternoons doing this.

Trash blown around campus after lunch was cleaned up by Verlin White.

Maintenance men were, FRONT ROW: Richard Brookshire, Rene Forrest, Emil Killian, Art Thompson, and Art Buddenhagen; BACK ROW: John Jacobs, James Elliotte, James Cox, John Ward, Verlin White, and Miles Chaput.

Mrs. Lembke helped with library work by checking students' book cards for accuracy.

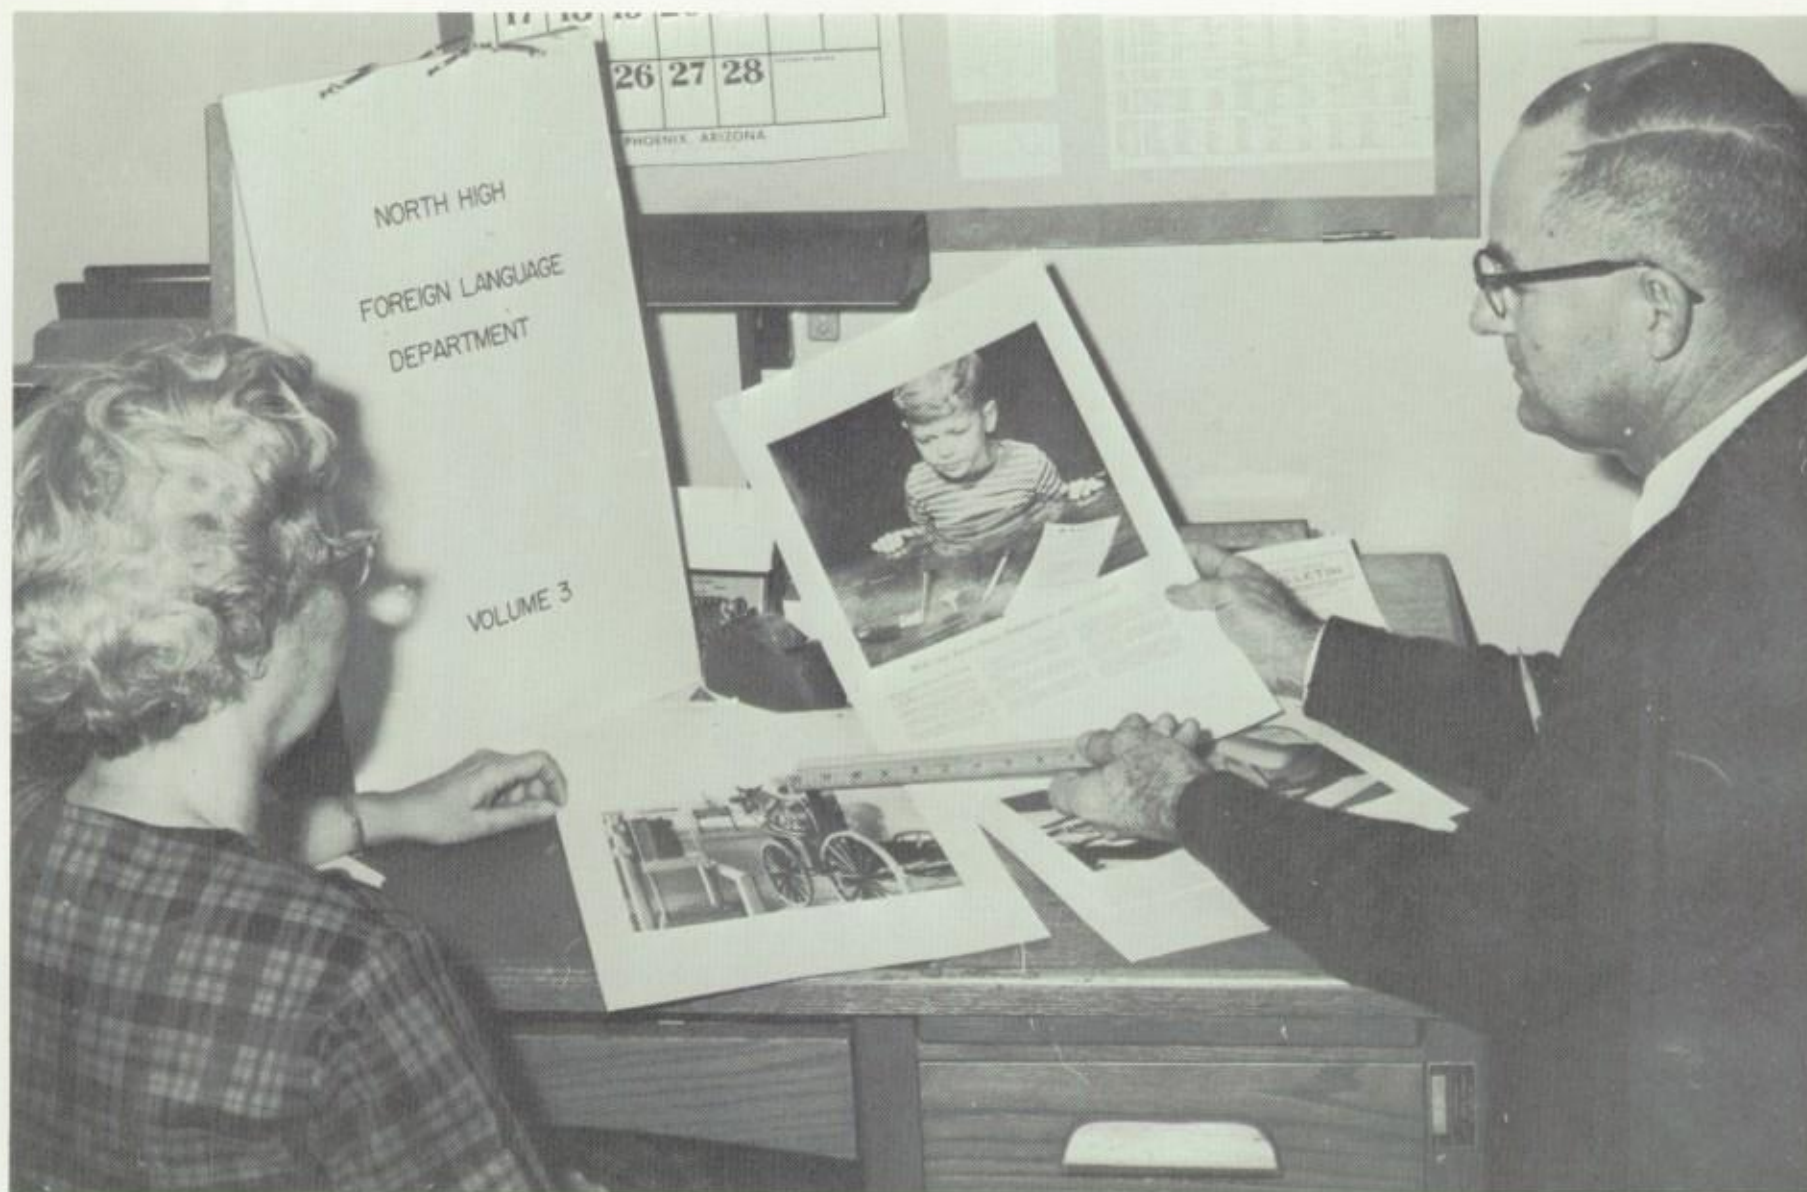

## Service Performed by Faculty Valuable, Useful

One of the services offered at North was special education. Placed in these classes because they were intellectually handicapped, students were taught practical applications of school subjects.

Other services included the bookstore, health center, library, audio-visual room and home visitor.

Accurate comprehension was necessary to students at North. Reading improvement courses helped students reach their trade level in that subject.

Mr. Draper and his secretary Mrs. Willis worked on flip-charts for several departments at North High. Using the adage "A picture is worth a thousand words" teachers felt that these charts would help during class instruction.

The process of signing passes and return slips was done by Mr. Clark, study hall supervisor.

Books, paper and school supplies were provided in the bookstore. Handling students sales was Mrs. Leedham.

Registration office secretaries and their student assistants took care of admittances, absences, and excuses for North High students. Helen Smith and Annabelle Petty were often seen at the windows of the office advising the students. Mr. Gates was in charge of this office and its procedures.

Eleanor Parks and Louise Hart were secretaries in the Principal's office.

Secretaries for Mr. Murphy's office and the Activities office were Claudine Hughes and Marjorie Patterson.

## School Function Depended on Work of Secretaries

Efficient operation of the school depended not only on the administration, but on the secretaries. They were responsible for doing jobs which would be unnecessary burdens to the administrators.

Mrs. Wilson, secretary in the Registration office, helped Mrs. Hittepole fix students' transcripts.

During Open House, parents found that a student's day does include exercise.

Mr. Inman discussed purposes of his calculus class with visiting parents.

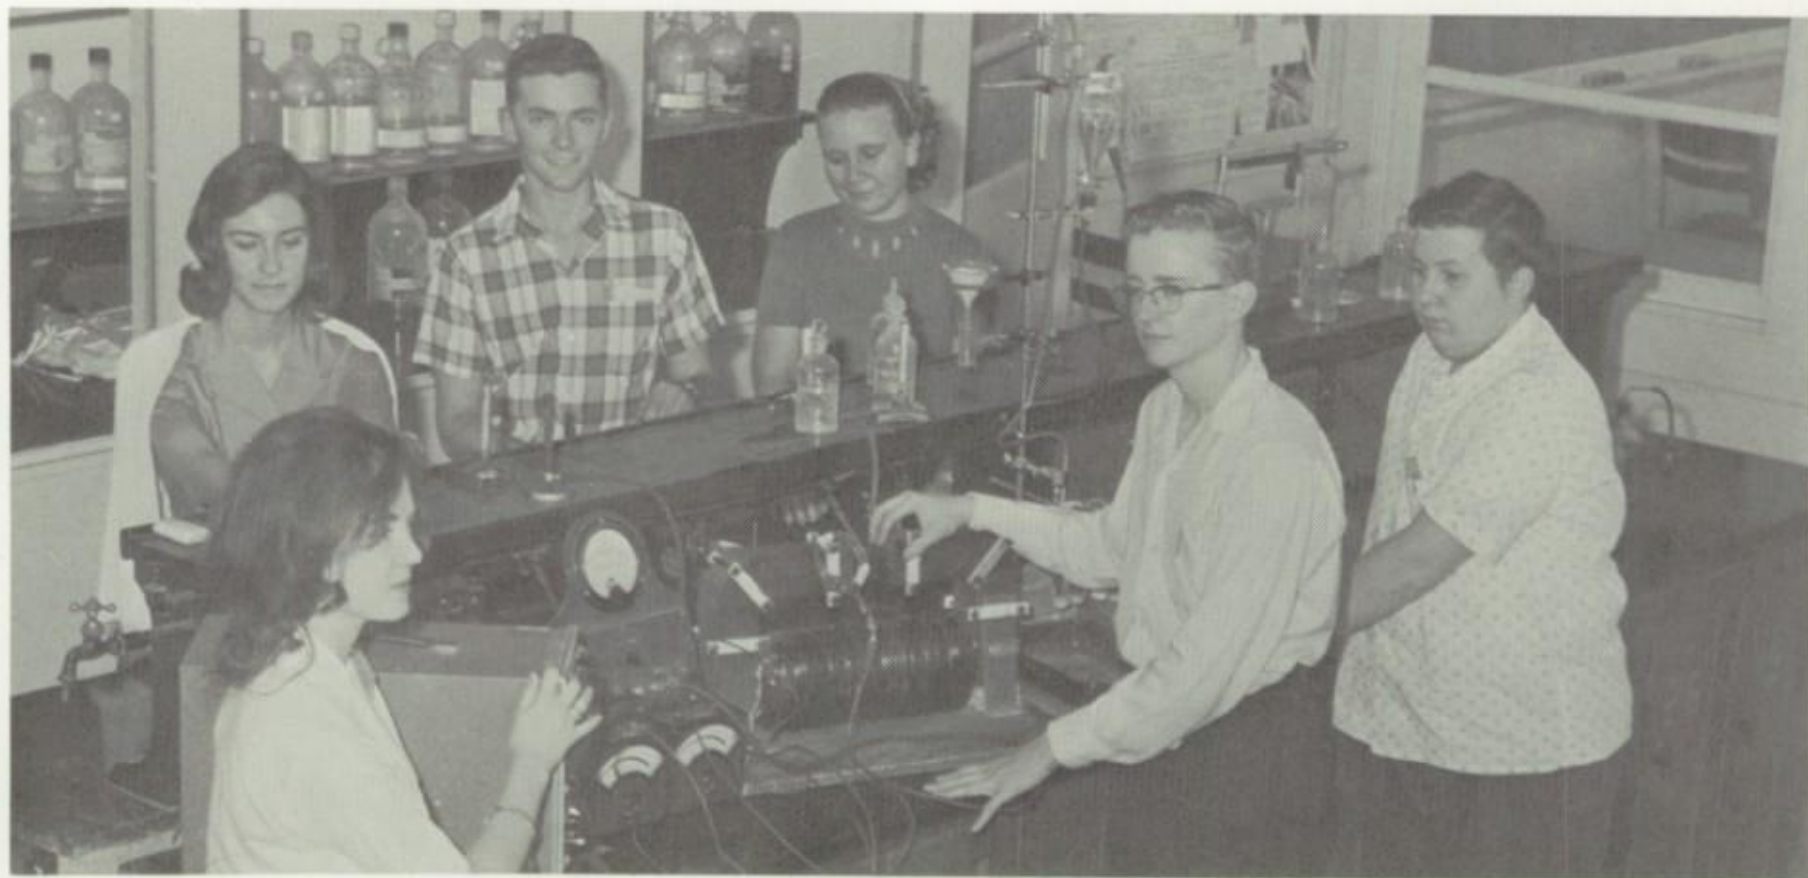

## Parents, Teachers Aimed at Promoting Closeness

The Parent-Teacher Association of North High conducted several panel discussions last year. Among them was "Smoke Gets In Your Eyes." Meetings were devoted to discussing common school problems.

P.T.A. Board members were, FRONT ROW: Mrs. Wingfield, Mrs. Mathisen, Mrs. Cornoyer, and Mrs. Gonzalo; BACK ROW: Mr. and Mrs. Broad, Mrs. Woodson, Mrs. Reilly, Mrs. Templeman, Mrs. Royce, Dr. Carter, Mrs. Moss, and Mr. Pace.

In the past, North has had more winners or honorable mentions in the Westinghouse competition than any Liberal Arts School in the country. Participants in the Westinghouse Corporation contest were Linda Clements, Ronald Royce, Lewis Kopera, Judy Meyer, Devens Gust, and Rosemary Eikens. All students were seniors in Mr. C. A. Brown's organic chemistry class.

Linda Clements was one of six students from the Phoenix area who were given an honorable mention in Westinghouse competition.

## Six Scientific Research Projects Submitted in '63

Six students from North High entered the annual Westinghouse Science Talent Search. To participate in the contest, each student was required to get a teacher's recommendation and take the complex Westinghouse test. Each entrant also had to fill out a personal data sheet and prepare a research project in a scientific field.

Ronald Royce received advice from Mr. Brown concerning his project for the Westinghouse contest.

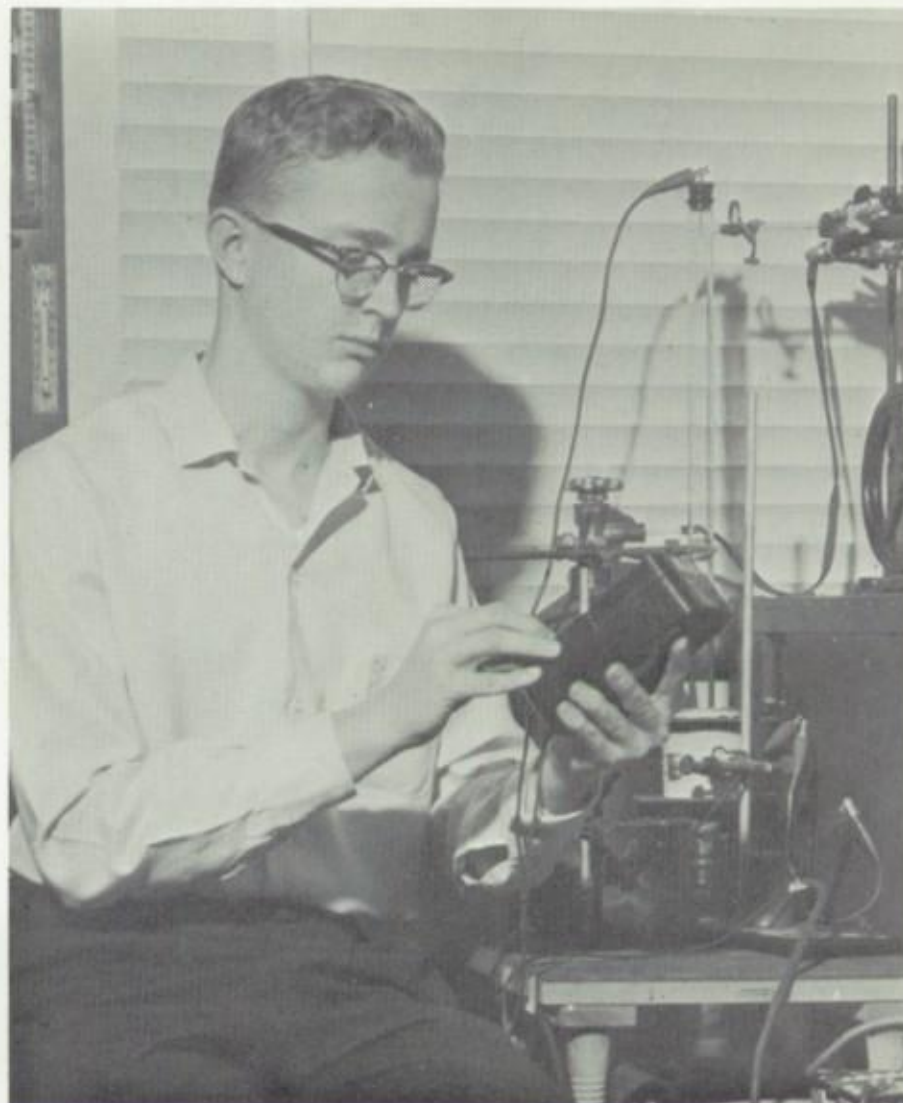

## Ron Royce One of Forty National Science Winners

"A Study of Circum-Cathodic Motion of the Ball-of-Fire Mode in Gas-Filled Electron Emission Tubes" was the title of Ronald Royce's Westinghouse project. For his work on the research project, Ron reached the finals of competition. He was one of forty winners in the United States.

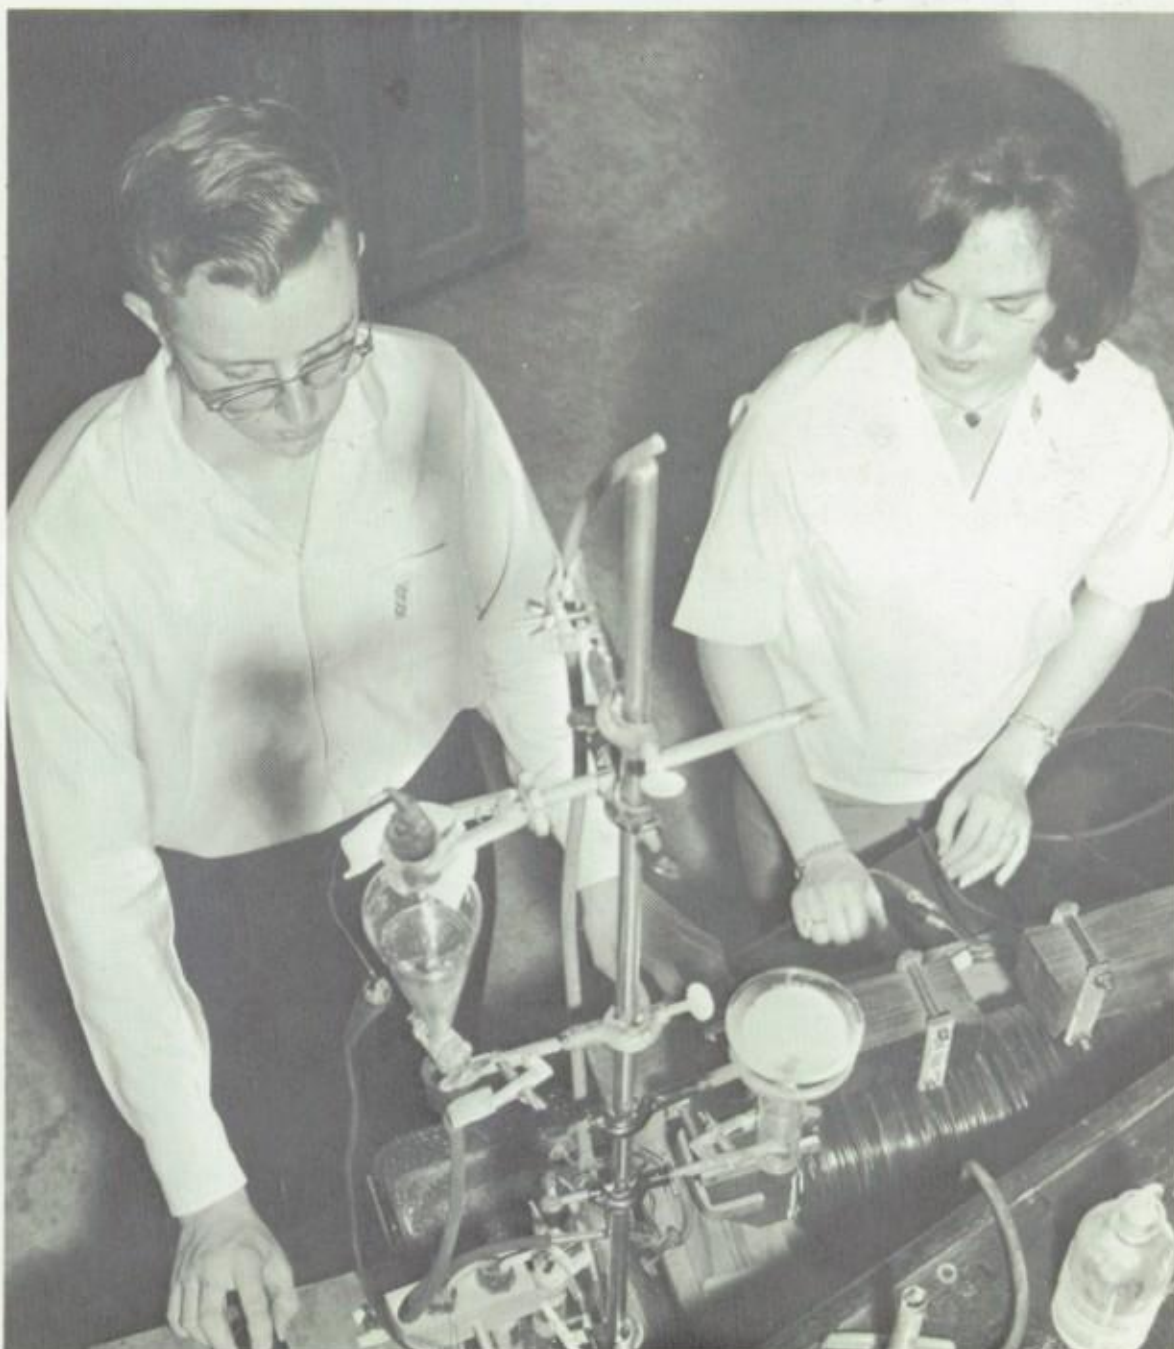

Over 22,000 high-caliber future scientists entered the competition, but the number was reduced following evaluation of projects and other material.

Linda Clements, with her project, "A Study of the Differences Between Infant and Adult A-Antigen by Use of Immuno-Diffusion on Cellulose-Acetate Membrane Filters" received an honorable mention from the Westinghouse Corporation.

UPPER RIGHT. Much time was spent preparing research projects to enter the competition. Ron Royce was one of a select group of winners throughout the nation.

Linda Clements and Ronald Royce both won honorable mentions from the Westinghouse Corporation. Their projects were listed in a book of honorable mention winners, which was distributed to colleges and universities.

Finalists in the National Merit Scholarship program were Ruth Lindauer, Linda Clements, Devens Gust, and Ronald Royce.

David Todd, Parma Hoiles, Bob Schlichting, and David Roberts were National Merit Letter of Commendation winners.

## National Merit Finalists Strove for Scholarships

After receiving results of the National Merit Scholarship qualifying test, taken in the students' junior year, North's semi-finalists were announced. Finalists, announced later in the senior year, qualified by having high scores on the Scholastic Aptitude Test of the College Entrance Examination Boards.

Letter of Commendation winners of the National Merit test had scores which were high, but not high enough to qualify them as semi-finalists.

testing went into the selection of winners.

The Harvard Book award for the most outstanding boy was given to Gary Schroeder, a senior this year at North.

North High's Outstanding Graphic Arts student was Mike Webb. Sandy Schneider was the school's winner in the Betty Crocker Homemaker of Tomorrow contest.

## Various Awards Earned by North High Students

The outstanding quality of seniors at North was evident in the number of awards won. Over-all excellence was needed to be considered for an award, and students continued to bring honors to the school.

After the opening, the chess game proceeds into the center game. At this time the game can be won or lost by shrewd or foolish moves. During the mid-game, advances and retreats are made, and the advantage is determined for one player or another. In the same way the everyday school life on North's campus presented the chance for the students to excel or fail in various endeavors. During the daily school routine the eventual result of each student's game was indicated. This normal center game time, as depicted by oriental chess pieces, was a time for the student, as the chess piece, to develop a distinctive style and an original approach to the problems and rewards of school. Like the center game, campus life was the most important time of the entire school experience.

## Council Members Worked On Student Jazz Festival

North High's Student Council had the duty of deciding policies and composing rules related to student activities. Students gathered to voice complaints, to air criticisms of school policies, and to offer practical solutions for problems presented. A representative from the homerooms, the four class officers, and the Executive Committee members composed the Student Council.

In 1962-63, Council members had recorded music played during lunch. Another activity of the Council was helping with planning and presenting the annual Jazz Festival which was held during December.

## Examinations Were Taken Hesitantly by All Students

Weekly tests, term tests, and crucial semester exams formed a regular pattern throughout the year for all students. For the innocent Freshman, the Freshman tests provided an ominous beginning for the high school years. Noma Spelling Tests, the Betty Crocker Homemaker of the Year Award tests, the National Council of Teachers of English tests, the Preliminary Aptitude Tests, and the National Merit Examinations were taken by ambitious students wishing honors and scholarships.

The administration of tests was a common classroom occurrence.

Carolyn Royce took the tests given all freshmen upon entering North.

Grading papers was a tedious and lengthy process for teachers.

## Honor Court Cases Tried by North High's Judges

Presiding over the Honor Court, the Chief Justice was elected from the Senior class; two senior and two junior judges, and one each from the sophomore and freshman classes also served. A bailiff and three secretaries completed the "legal" staff.

Daily sessions in the Honor Court began with the presentation of a case to the judges. The defendant then came in and was informed of the charge. If he did not admit guilt an investigation took place. If he admitted that he had violated the school code, he was questioned on what the circumstances were. If it was his first offense, he got an honor court citation. His second offense on the same rule received a double honor court citation. Expulsion from school usually followed a third offense.

## Local Charities Aided by the Service Organization

Service Organization members were elected by homerooms with the quota of one representative per homeroom each semester. Most of the money collected during 1962-63 went to the North American Field Service for the financing of North's future foreign exchange stu-

dents. Also, a large part of the money collected went to the Roundup.

Homerooms, in order to raise money each semester, held bake sales, car washes, and paperback book sales. Because of their ingenuity, a considerable sum was raised by the students.

Girls' League's Harvest Moon Ball, the League's large semi-formal dance, was cooperatively worked on by four councils, each taking a specific duty for the production of the dance. These councils were divided into Freshman, Sophomore, Junior, and Senior councils, each with a faculty sponsor.

## School Spirit Created by NHS Pep Organization

Taking part in cheers at football games and creating school spirit were the main purposes of the Pep Club. Members sat near the fifty yard line and contributed much to the cheering section at football games. Pep Club officers presented trophies to outstanding athletes at the end of the year. Thomas Inman sponsored the Pep Club.

## North's Campus Hummed with Events and Activities

Activities throughout the year provided a busy life for North High students. There were games, assemblies, field trips, club meetings, and dances. The two formal dances, the Harvest Moon Ball and the Junior-Senior Prom highlighted the year for many.

Studying in and outside of classes, in the library, and at home, students attained listings on the honor roll, membership in Parnassus and in National Honor Society. Science projects, art shows, and achievement tests displayed efforts of the talented.

At the Arizona State Fair, North's Pom Pon girls danced and led the band down the Avenue of Flags.

Mr. Stonoff studied the antlers of a prize winning deer which he shot.

Many mustangs took advantage of extra minutes in order to complete homework assignments.

Barbara Peterson, Homecoming Queen, was escorted to the coronation platform by Bob Orr.

Mr. Ferris' English students staged mock-trials of Macbeth, Shakespeare's famous murderer.

Assembling the decorations for the Harvest Moon Ball were Freda Beverman, Sammy Lu Simpson, and Kathi Krause.

## Girls' League Sponsored the Harvest Moon Ball

Garth Tallman's band provided the dance music for the Harvest Moon Ball, the Girls' League formal dance held November seventeenth in the cafeteria. Girls' League members planned and decorated for the dance. Miss McCormick, Miss Hamilton, Miss Sayer, Mr. Courter, and Mr. Cardon acted as chaperons.

Short formals were the most predominant type, with chiffon the most popular fabric. Dyed to match shoes and pastel colors also were worn by the girls. Suits or white coats were worn by the boys.

After the Blue and Silver many couples went to various dining and dancing spots to complete an exciting evening.

Dance souvenirs preserved memories of the evening for Kathy Krause and her date.

Dance souvenirs, hung on the walls, were taken home by the couples.

Conversation with friends provided a pleasant break between dances.

Enjoying a waltz were Sammy Lu Simpson and Steve Sanderson.

Waltzes, fast dances, twists, and cha-chas were played by Garth Tallman's band at the Harvest Moon Ball, presented by Girls' League in November.

## Talent, Speeches, Films Presented in Assemblies

Assemblies promoting pep, safety, music, talent, and brotherhood, highlighted the school year. The music assembly in November contained talent collected from the music department. A skit from Meredith Wilson's "Music Man" was performed by members of A Cappella with the aid of the orchestra and brass section of the band. Several numbers, "La Bomba," "Beseme Mucho," and "The Peanut Vendor," were played by instrumental groups.

Steve Stramandanoli played the lead in the "Music Man" during the music assembly.

Terry Gonzales added a Latin flavor to the assembly with her interpretation of the Tango.

Assembly committee members were, FRONT ROW: Tony Bustos, Rick Elias, and Carol Sladish; BACK ROW: Fernando Quezada, Miss Phelps, Mr. Courter, and Miss Huey. Not pictured were Miss Hergt and Miss McCormick.

A romantic atmosphere was provided the dates as they danced together.

Bob Orr helped his date, Sandy Kosacz, from the car after they reached the Ramada Inn.

## Juniors Hosted Seniors at North's Annual Prom

April thirteenth was the date on which the Junior-Senior Prom was held. The scene of the prom was the Ramada Inn. A southern plantation, magnolia blossom and moon beam theme was carried out in the decorations and in the plantation styled rooms of the Ramada. The Inn also catered the dance, providing traditional food and beverages. A professional orchestra was hired to play for the event.

Carnations, gardenias, and orchids were popular corsage and boutonniere choices.

At a pause in the music couples chatted around the softly lighted tables.

After the dance was over, many couples went to restaurants for more food.

Among other refreshments, punch and cake were served the dancers by the Junior class.

Shirly Kurz performed to rhythmical drums and native chants in traditional Tahitian dance. Others are Sandy Johnston and Rhonda Croaff.

## All-Class Talent Assembly Broke Age-Old Tradition

For the first time, in the 1962-63 school year the annual talent assemblies were combined into one. All four classes contributed talent in the forms of singing, dancing, and playing musical instruments. Dave Todd acted as master of ceremonies in co-operation with the Executive Committee and Assembly Committee. Several students sang or played instruments, and dances ranging from a Flamenco to a Tahitian hula were presented.

Larry Wells played the rinky-tink piano.

One of several singing acts, Barbara Gephart and Barbara Walters sang "Never on Sunday" accompanied by the "Sheep."

These dolls, called gouchos, are popular toys in Argentina.

Marta and Mary Payne talked over the problem of backstage operations.

## North High School Hosted South American Student

Concordia Entre Rios, Argentina was the home of Marta Benedetti, North's foreign exchange student. Marta attended high school at Instituto San Jose de Calanz, a small, private, girls' school of about two hundred students.

Marta found many American customs different from those of Argentina. She especially loved the new experience of eating Mexican food. Marta had three sisters in her family in Argentina: Sylvia, nineteen, Nelita, twelve, and Alejandra, nine. She lived in Phoenix with Randi Soranson, and her family.

Some of North's football players, Ed Loza, Tom Phelps, Milo Beck, and Rick Elias, clowned for Marta's benefit.

Newspaper staff members were, FRONT ROW: Lindy McClintic, Pam Colby, Maureen Bronson, Fredi Breverman, and Lynn Irvine. SECOND ROW: Kathy Payne, Mary Wingfield, Diane Garney, and Nancy Revels. BACK ROW: Bob Kimball, Dennis Bergstrom, Wally Cruse, Carlos Figueroa, Ron Hustedde, and Roger Gibson.

## Roundup Attains Goal by Informing Mustangs

This year's MUSTANG ROUNDUP staff tried to give the students more variety in their school paper. Under the direction of Lindy McClintic, the staff supplied a newspaper every other week. This year's paper consisted of news from every side of life: campus scenes, city-wide events such as touring the Civil Defense Center and even such highlights as the opening of the new zoo. As an added feature, contests were held.

ROUNDUP members, Maureen Bronson, Diane Carney, Terry Gonzales, and Pam Colby prepare headlines for paste-ups.

At deadline time things often got a bit aggravating. Mr. Kasold solved this problem by openly posting his feelings, "Go Away!"

Parma Hoiles, Janet Clarke, Jackie Ethington, Linda Clements, and Vicki Mathisen managed to work calmly while deadlines went by unmet.

## Hoofbeats Staff Worked Long Hours on Yearbook

Good old S-7, home of the Hoofbeats for many years, was changed to S-15 to the dismay of staff members. In spite of this handicap, work went on in the usual chaotic manner. With the help of the editorial board and the sponsor, Mr. Kasold, the yearbook was produced as efficiently as possible.

Hoofbeats staff members were, FRONT ROW: Sherri Fleenor, Judy Lambert, Sharon Hosea, Judy Gish, Linda Clements, Vickie Mathisen, Sharon Davies, and Nancy Kingston. SECOND ROW: Jan Schaberg, Bud Speace, Parma Hoiles, Cynthia Hershey, Shelly Barnett, Jean Payestewa, Karen Harris, Veronica Feightner, Doris Cloninger, and Mr. Kasold. # Sports

In a chess game, the true excitement comes when the king is put in check. In this situation, the threatening piece, the rook in this game, can capture the king in one more move. At North, sports provided entertainment apart from the daily school work. The check is shown by Spanish chess pieces, indicating the spirit of sports. The excitement of sports contributed to that essence that made up North High.

North High outfielder John Hill slid into home plate under the Rebel's catcher to score for the Mustangs.

Mustang Gil Blanco awaited the delivery from the South High pitcher during their game at Coronado Park.

1962 varsity baseball team members were, FRONT ROW: Dennis Murphy, Andy Hansom, Richie Klimas, Paul Dudine, Bill Saxman, Tim Ison, John Geames, and John Elliott, manager. BACK ROW: Dave Roberts, John Tincombe, Tom Thompson, Dean Mousser, Bob Conner, Ross Shannon, Dick Noonan, and Coach Tom Cooper.

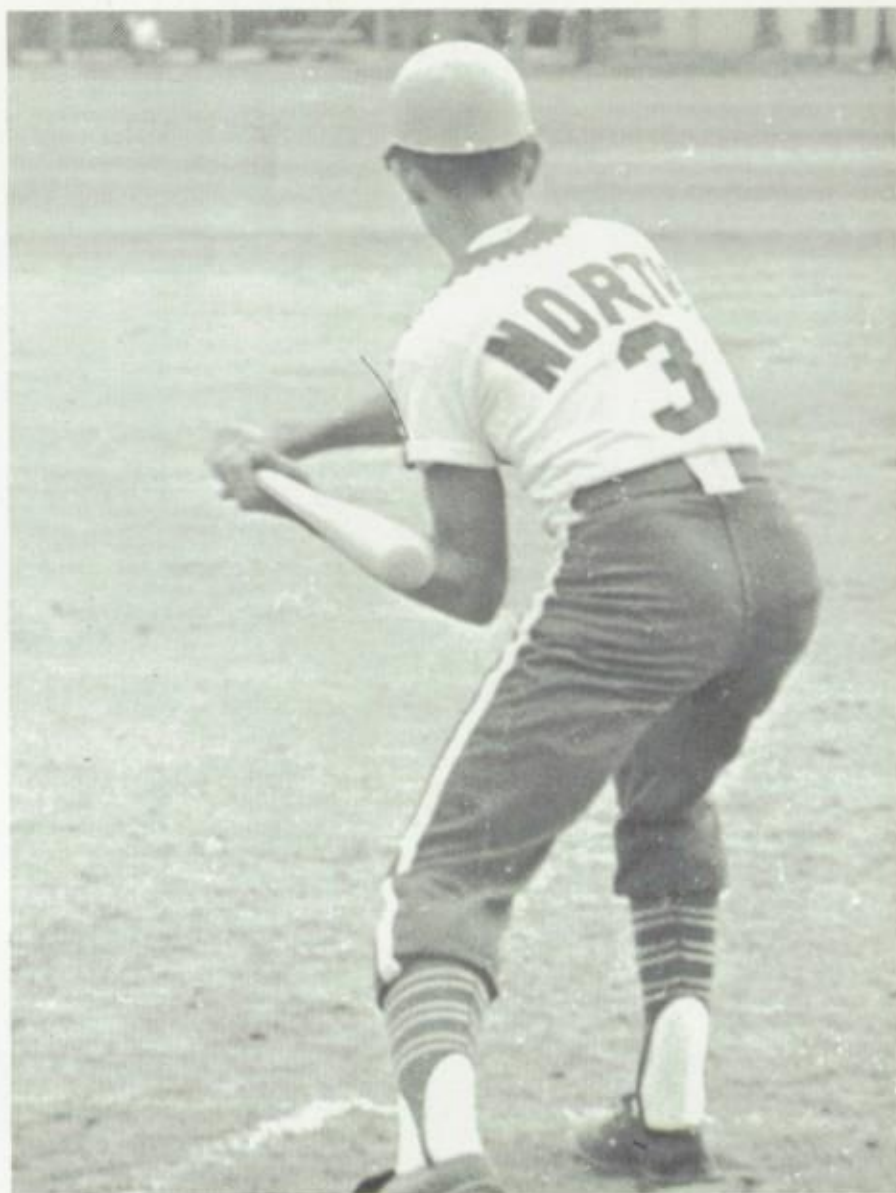

## Team Had Winning Year; North Rebuilt for '63

North's varsity baseball team under the instruction and leadership of Tom Cooper compiled an admirable record of 14-5 for the season.

Coach Cooper, has been at North for three years and coached two state championship teams. He taught the boys the fine points of baseball as well as reviewing the basics. The boys were molded into a physically fit and capable team.

John Geames, Bob Conner, Dean Mousser, Dennis Murphy, and John Hill were among the returning lettermen who proved to be of much value as the season progressed. John Hill, a three year letterman, led the team in hitting. J.V. baseballers were of assistance to Coach Cooper in the coming season along with the returning lettermen.

Leveling off at a South pitcher was Mustang outfielder Tim Ison.

Paul Dudine's facial expression conveyed his feelings in the North versus West game.

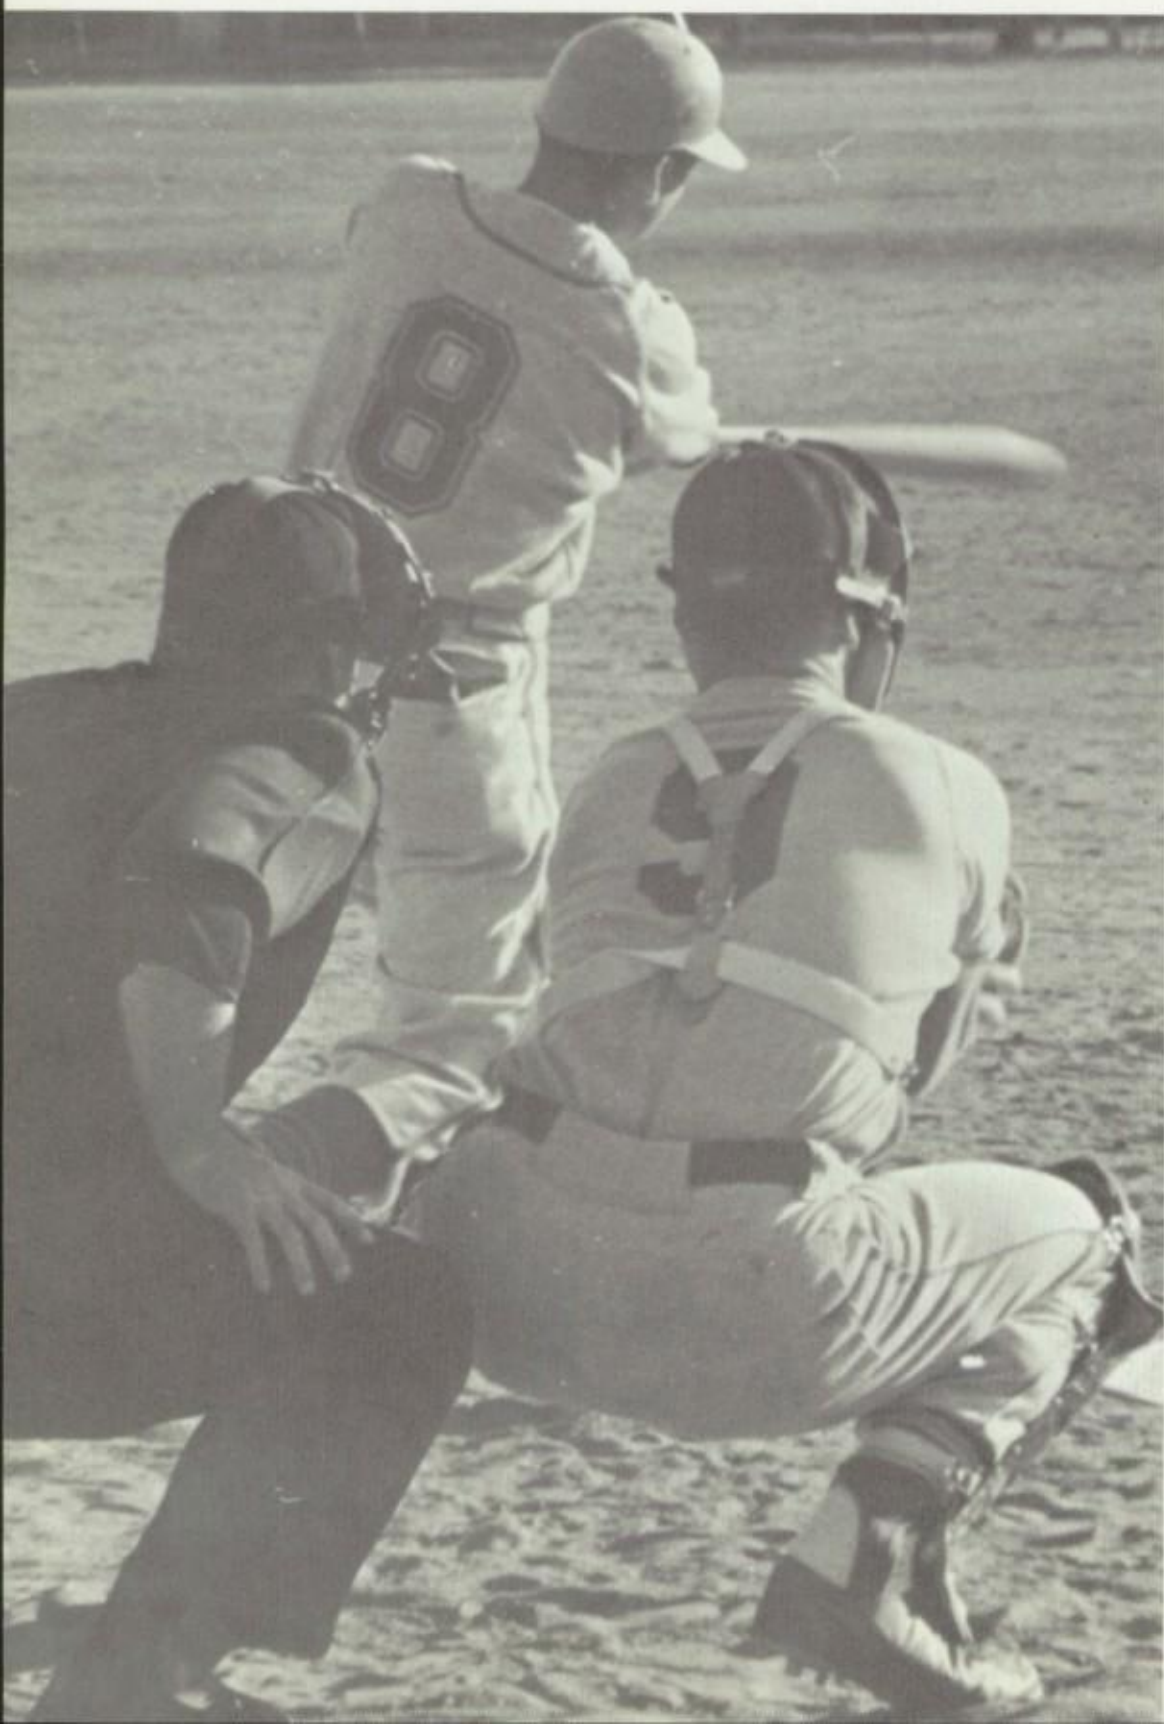

John Hill, North outfielder, watched as his single sailed over the heads of the Rebel infielders.

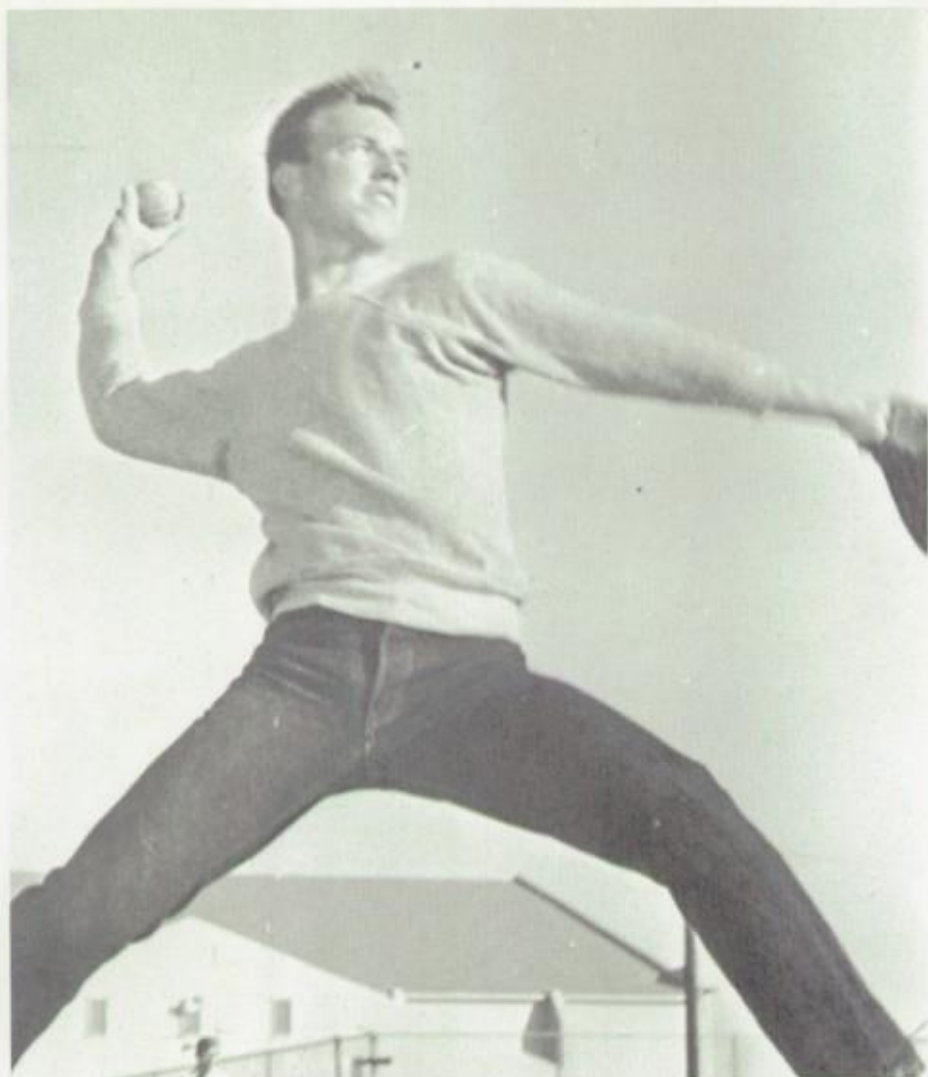

First baseman Gilbert Blanco awaited the throw for an attempted pickoff on a West High base runner.

A Mustang readied himself at the plate for the pitch.

North's batter unleashed a line shot against an opponent in the '62 season.

Sophomore Terry Boat, who hurled for Saxman's Sadsacks, delivered a sidearm curve ball to the unwary batter.

## Five Teams Participated, Saxman's Sadsacks Won

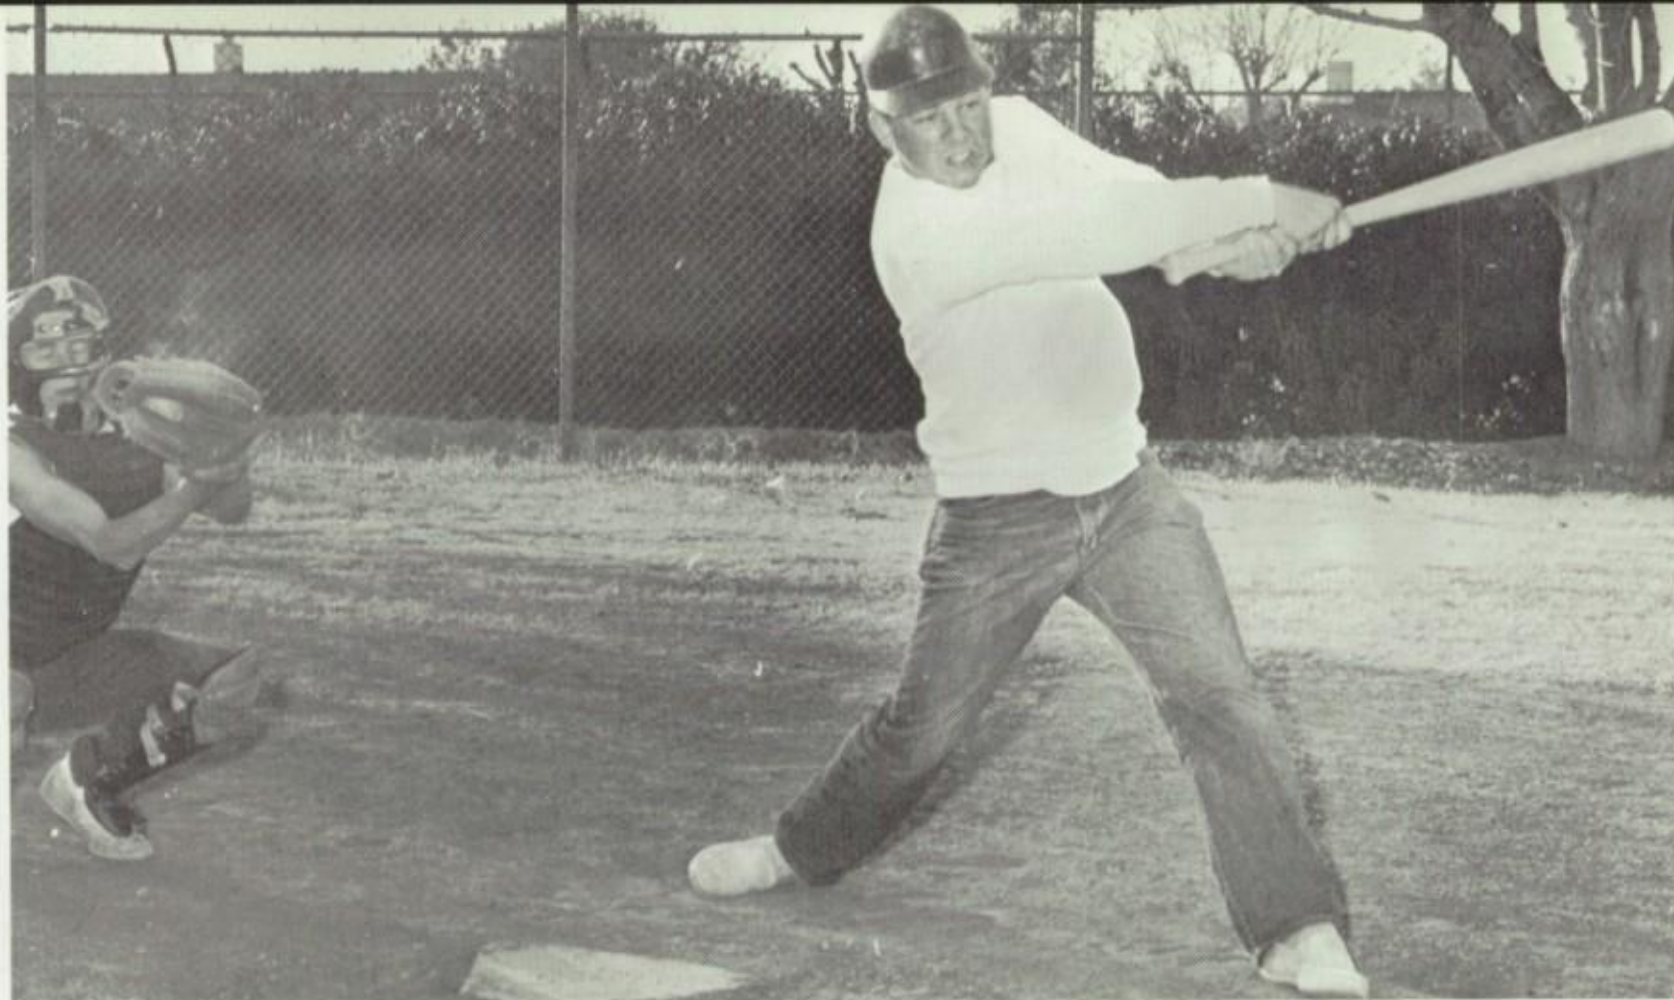

Intramural baseball was composed of 5 teams; R.O.T.C., Saxman's Sadsacks, Dudine's Demons, Murphy's Mice, and Robert's Rodents. Many boys, ranging from freshman to senior, played on these five teams. The R.O.T.C. had a team entirely comprised of Reserve Officers Training Corps.

Saxman's Sadsacks were the winners of the season with a 5-0 record. Due to the low number of boys allotted on the varsity baseball team, many boys get an opportunity to participate in baseball even though they couldn't play during the regular season.

Saxman's Sadsacks, winners of the intramural crown, were: BACK ROW: Eddie Frank, Leo Elias, Scott LeCrone, Bill Saxman, John Hale, Skipp Richards, and Coach Cooper. FRONT ROW: Henry Peters, Randy Paul, Tim Lewis, Eddie Simms, Terry Boat, and Ronnie Schlabach.

Sid Bradley demonstrated quite a bit of effort as he took a cut at a pitch during one of the intramural games.

Tim Lewis waited patiently for the coming pitch as the catcher stood poised.

John Edwards stood at the plate anticipating the arrival of the pitch.

Sue, This has been  
a busy but a full  
year. I hope you  
did better than I  
did, and I also  
hope we have  
some more classes  
together next year.  
Some day when we're  
all out of school we  
shall look back with  
fond memories on these  
crazy, hazy, lazy days of school.  
I sure have trouble having  
fond memories of it now, though.  
However, I hope you have a  
nice summer and that you  
don't flirt with too many  
boys. You're a real cute looker  
and with all those places I  
your bound to go. I am actress

you. Until then, May

Mustangs first win of the season came in a 13-0 whitewashing of Central. The Mustangs jumped ahead with a twelve yard touchdown scamper around end by halfback John Hill. Hill then kicked the conversion. North's quarterback Phil Havens completed the scoring with a fourth period roll out play.

The Mustangs edged the T-Birds 14-13. John Hill scored from three yards after West had scored. For the second T.D. Hill shot off tackle, ran thirty yards, and kicked the point after. The last fifteen seconds the T-Birds scored, but the kick failed and victory was preserved.

Cambelback downed the Mustangs with a rugged 18-9 victory. North scored first with halfback Richie Yee running for a T.D. from the Spartan fifteen. Camelback, tallied to tie the game. John Hill made a field goal, but the lead disappeared before half-time.

North captured a 21-7 lead at half-time to down Carl Hayden 28-20. Phil Havens scored on a quarterback sneak. Halfbacks John Hill and Richie Yee scored on runs of six and two yards respectively. Bob Tellef scooped a wayward Falcon lateral and ran fourteen yards to tally.

Phil Havens (17), Mike Cordon (3), and Dana Hamm led the Mustangs onto the field for the start of the game.

Mickey Rink (31) intercepted a pass intended for a South Rebel as he was brought down from behind.

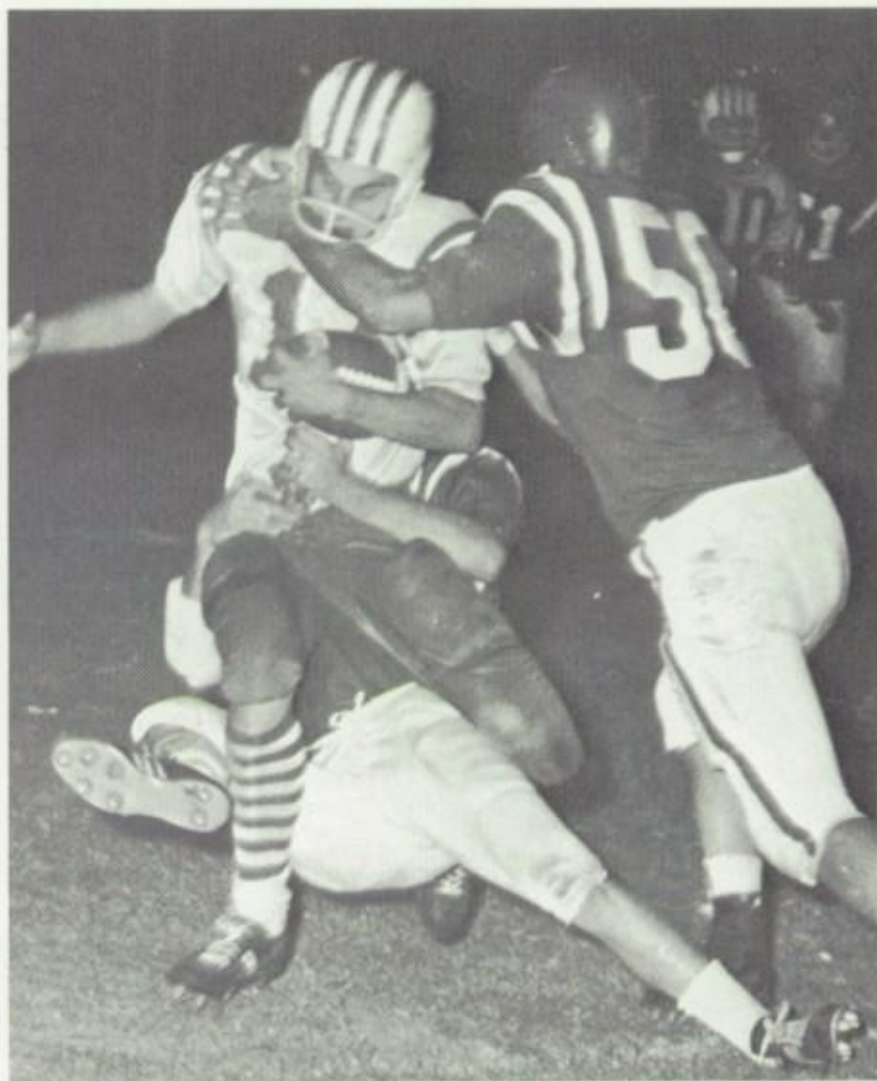

## South Rebels Beat North; Gridders Grabbed Double

North ended their season on a victorious note when the Jackrabbits of Mesa fell 14-13. Halfback John Hill tore through the Mesa line and sprinted fourteen yards for a touchdown. After Mesa evened the score, North tallied on a six yard Havens to Yee pass.

Ed Loza (50) helped unidentified North gridder bring down Central Bobcat in a game which North won.

Tom Cockran (64), Bob McCann (81), and John Hill (16) teamed up to halt the advance of a Mesa Jackrabbit in North's final game.

## JV's Acquired Experience for Coming Grid Season

Junior varsity football players, under the direction of Coach Cooper and Coach Caldwell completed a 1-1-7 season.

Facing rough competition the entire year, the JV gridgers gained valuable experience which will aid them in earning their varsity letters in the '63 season. Coaches Cooper and Caldwell did much in the way of promoting sportsmanship as well as the basic fundamentals.

Basic fundamentals are stressed among the football players. Getting in condition to play football required hard training and quite a bit of time. Experience was gained on the playing field as well as in varsity-junior varsity scrimmages.

Junior varsity football team members were. FRONT ROW: Lynn Perryman, mgr.; Bob King, Frank Colts, Joe Kappas, Ken Galbraith, Jack Barger, Ronnie Schlabach, Charles Stinson, Larry Price, and Pat Harris. ## Gridders Learned Basic Fundamentals of Football

Pee Wee football players compiled a season mark of 1-6. The Pee Wee, or light-weight football team, was organized to give the lighter boys a chance to participate in this sport. Quite a number of boys responded this year and a team with considerable depth represented North High.

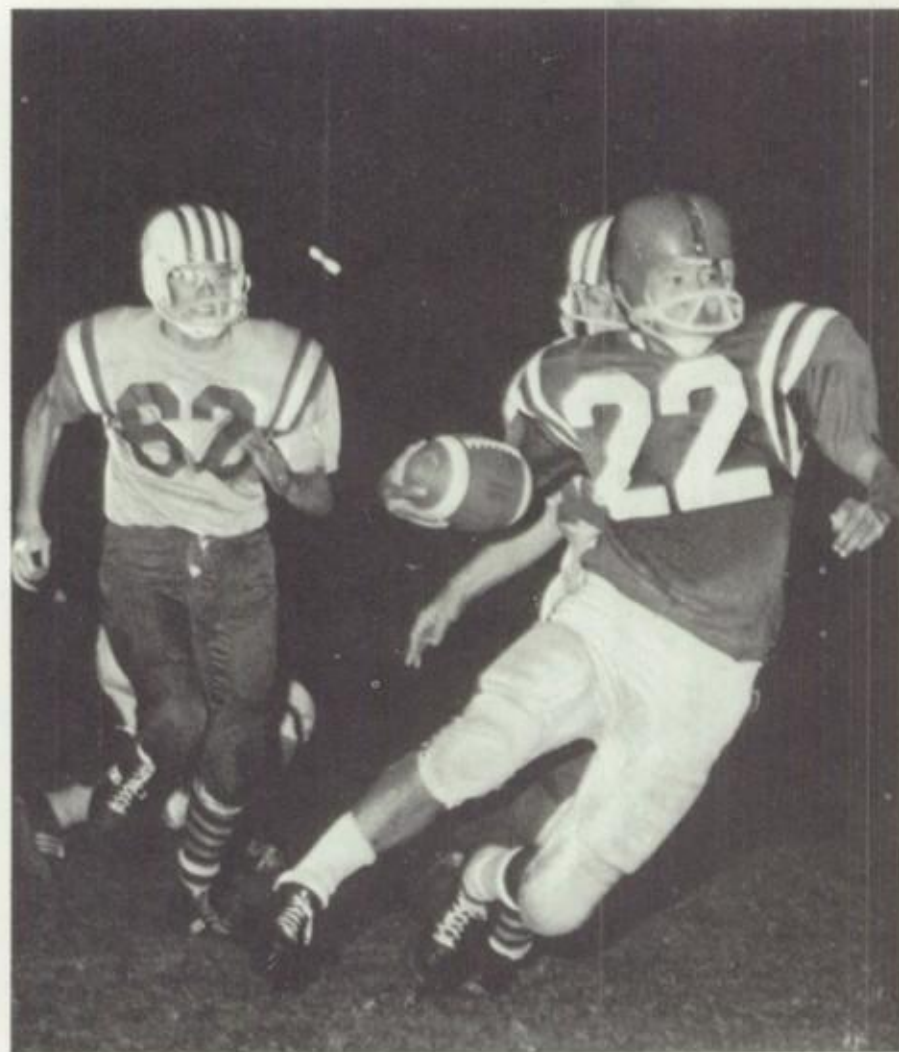

Boys participating in the Pee Wee league had to meet certain qualifications in order to play. They had to be a freshman and weigh less than one hundred and twenty-five pounds.

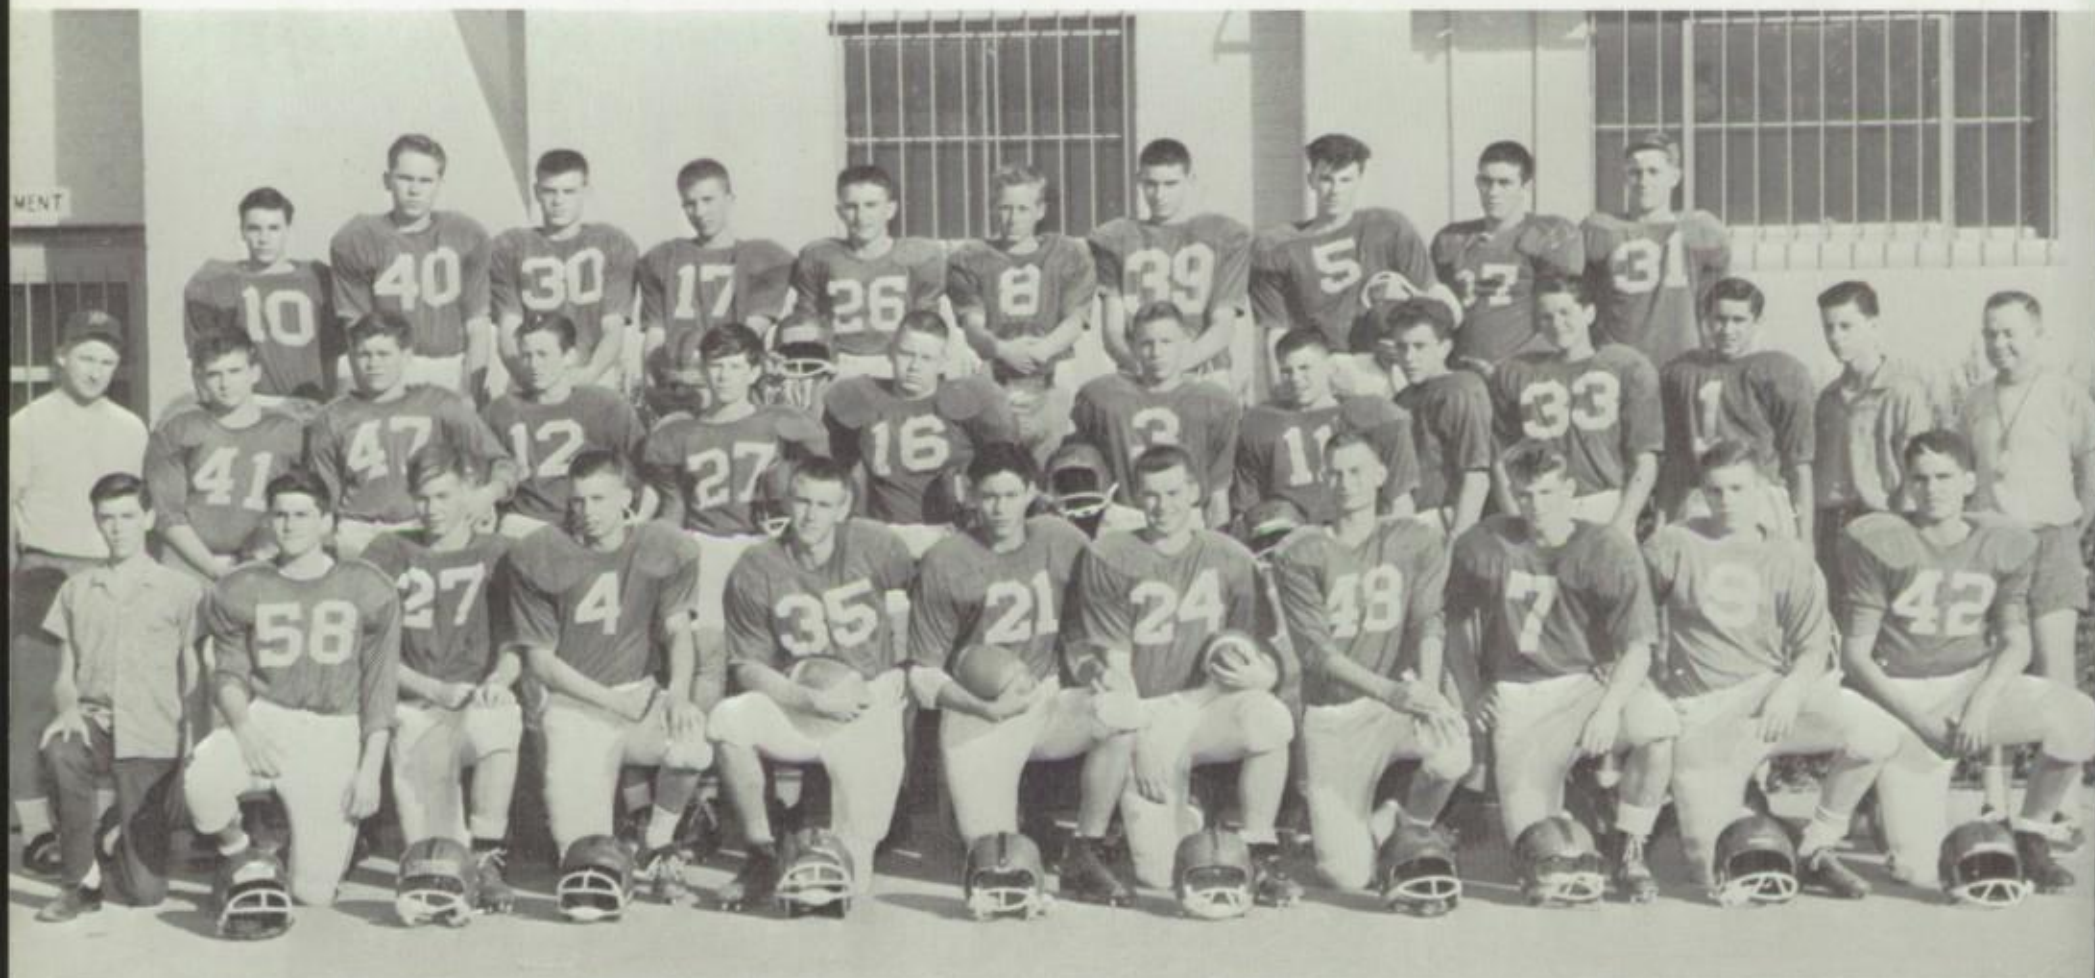

## Training for Grid Games Proved Quite a Project

Frosh gridgers settled their season's activities with a 1-4-3 record under the supervision of Coach Brookhart and Coach McDermott.

Techniques and fundamentals were given to the athletes. Coach McDermott developed many drills for the boys to go through while at practice. These were drills for coordination, alertness, and fitness. During the middle of the season the Mustang gridgers became proficient at these various tasks and duties, as well as assignments.

To prepare for the city-wide track meet, members of the team spent several hours daily in practice. Determined athletes were revived by "second wind" and put forth a final burst of energy as they neared the finish line.

Mike Boyce wound up for a discus throw during practice after school.

## B. Long Completed First Season As Track Mentor

Varsity and junior varsity track teams, led by Boyde Long, had another fine season this year.

New training rules and coaching methods used by Mr. Long were mainly responsible for this season's record. Working under the handicap of the first year with a group of new boys Coach Long faired well in the instruction of such events as discus, shot put, high jump, broad jump, hurdles, relays, and running events.

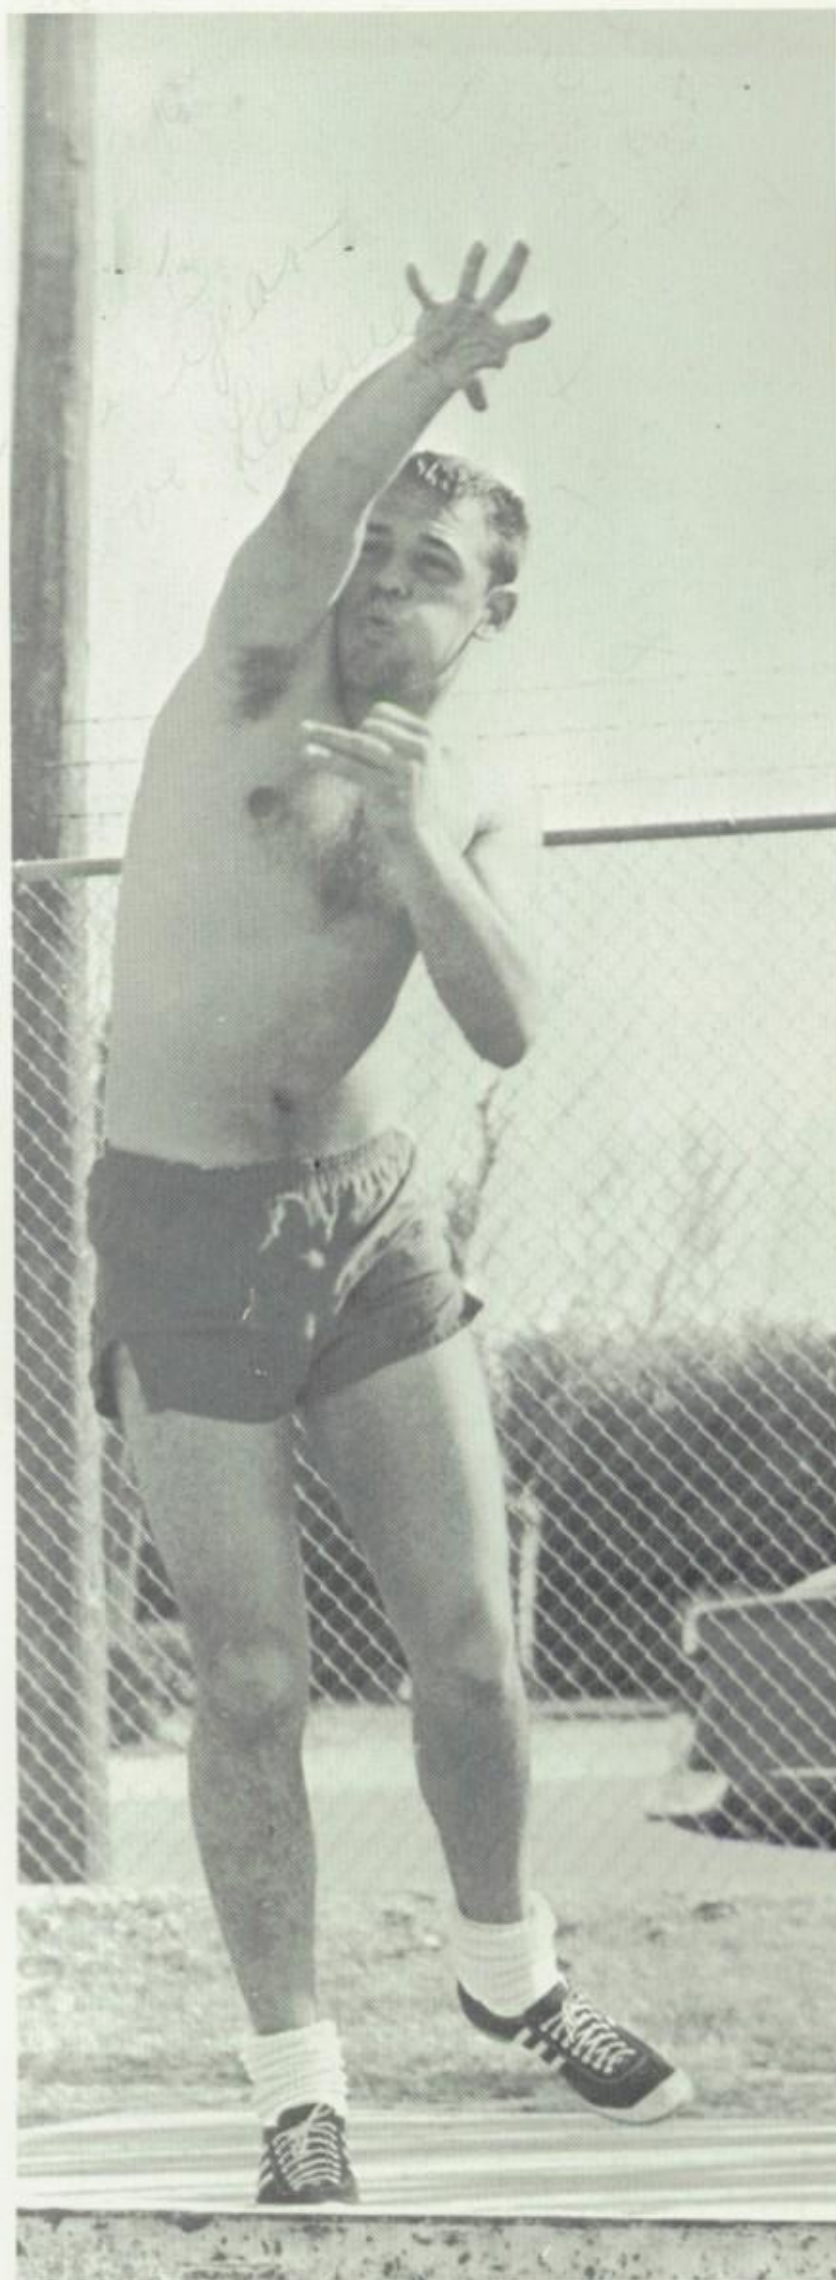

Athlete John Mayhan began to tire near the finish of the 880 run during a practice for the Luke-Greenway track meet.

Phil Havens showed his prowess at the high hurdles during a practice session after school at the North Stadium.

Leading shot-putter, Bill Dietrich, put the shot 56'3" during an afternoon practice.

During physical education John Brown practiced putting the shot.

## McCann, Lehman Were Top Mustang Trackmen

Seniors Bob McCann and Dean Lehman chalked up many points in dual meet competition for the Mustangs. Bob McCann, shotputter, put well over forty-five feet in competition. Dean Lehman, being handicapped by an injured knee his junior year, vaulted over thirteen and one half feet.

Other outstanding thinclads were: hurdlers Phil Havens, and Mike Gaff, sprinter Byron McCormick, and miler Harry Kirby.

North's cindermen were in top physical condition. Each practice started with a rigorous fifteen minutes of exercise. The boys then ran the track, or perfected their form in their respective events.

Delbert Lister, Mike Gaff, and Phil Havens cleared the high hurdles during the afternoon track workout.

John Brown edged over the high jump bar during a track practice.

Shot put is an important part of track. Doug McCarthy worked hard on his form this season.

Decathlon winners were Dean Lehman, first; Phil Havens, second; Delbert Lister, third; and Mike Gaff, fourth.

Cross country team members were, FRONT ROW: Steve Sinclair, Bob Colby, and Mike Boyce. BACK ROW: Terry Ballard, Richard King, Ernie Palomino, and Steve Cassiola.

## Thinclads Won 3 Lost 7 Built Stamina for the Run

Cross country team members compiled a season's record of 3-7. Coach Kolbe saw that the boys were in good condition to run the two and one half mile countryside jog.

# Spring Sports

Bob Templin, North grappler, used a hip throw on Tom Phelps during a practice in the corral.

John Hill picked up Curt Simon on a two leg pickup in preparation for the coming meet.

Mustangs Tom Cockran had a fireman's carry on North grappler Ray Mautz.

## Grapplers Had 5-4 Season, Three Qualified for State

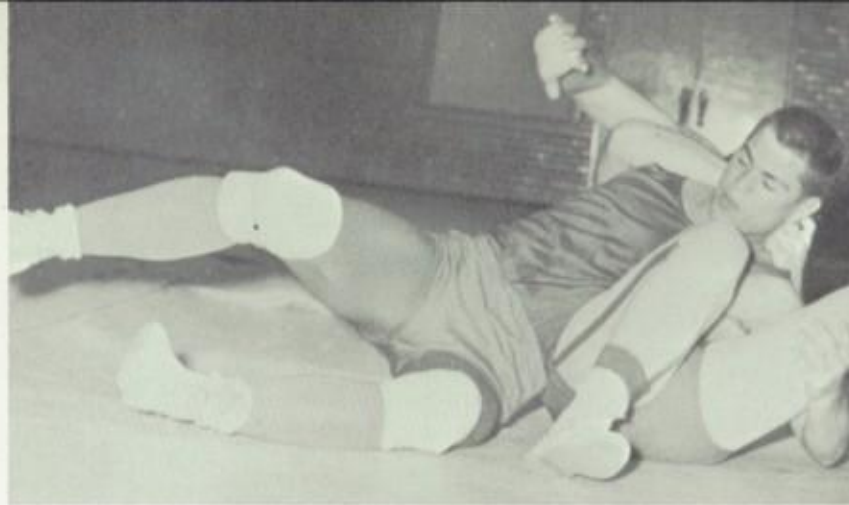

North's wrestling team compiled a season mark of 5-4.

North had a fine tournament team. In Carl Hayden competition, Bob Meador captured the crown in the 95 lb. division and Tom Phelps won third place in the 180 lb. class.

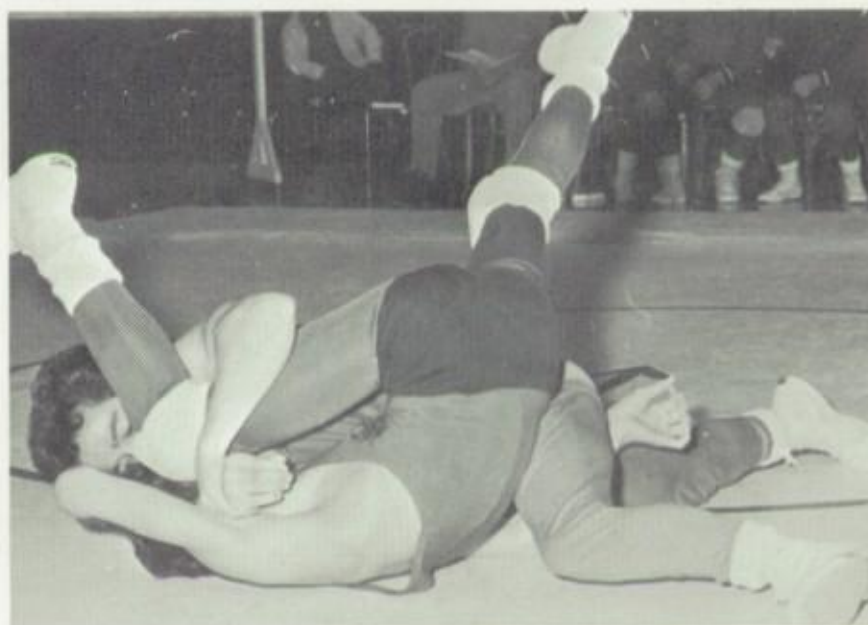

In the district tournament, John Coassolo and Tom Phelps won first place ribbons and John Hill placed second. This entitled the boys to go to the state meet.

North faired well in the season dual meets:

North . . Union	North . . West
North . . South	North . . Alhambra
North . . Maryvale	North . . Hayden
North . . Union	North . . Camelback
North . . Central	

Tom Phelps reversed South Mountain opponent for two points in the 180 lb. class.

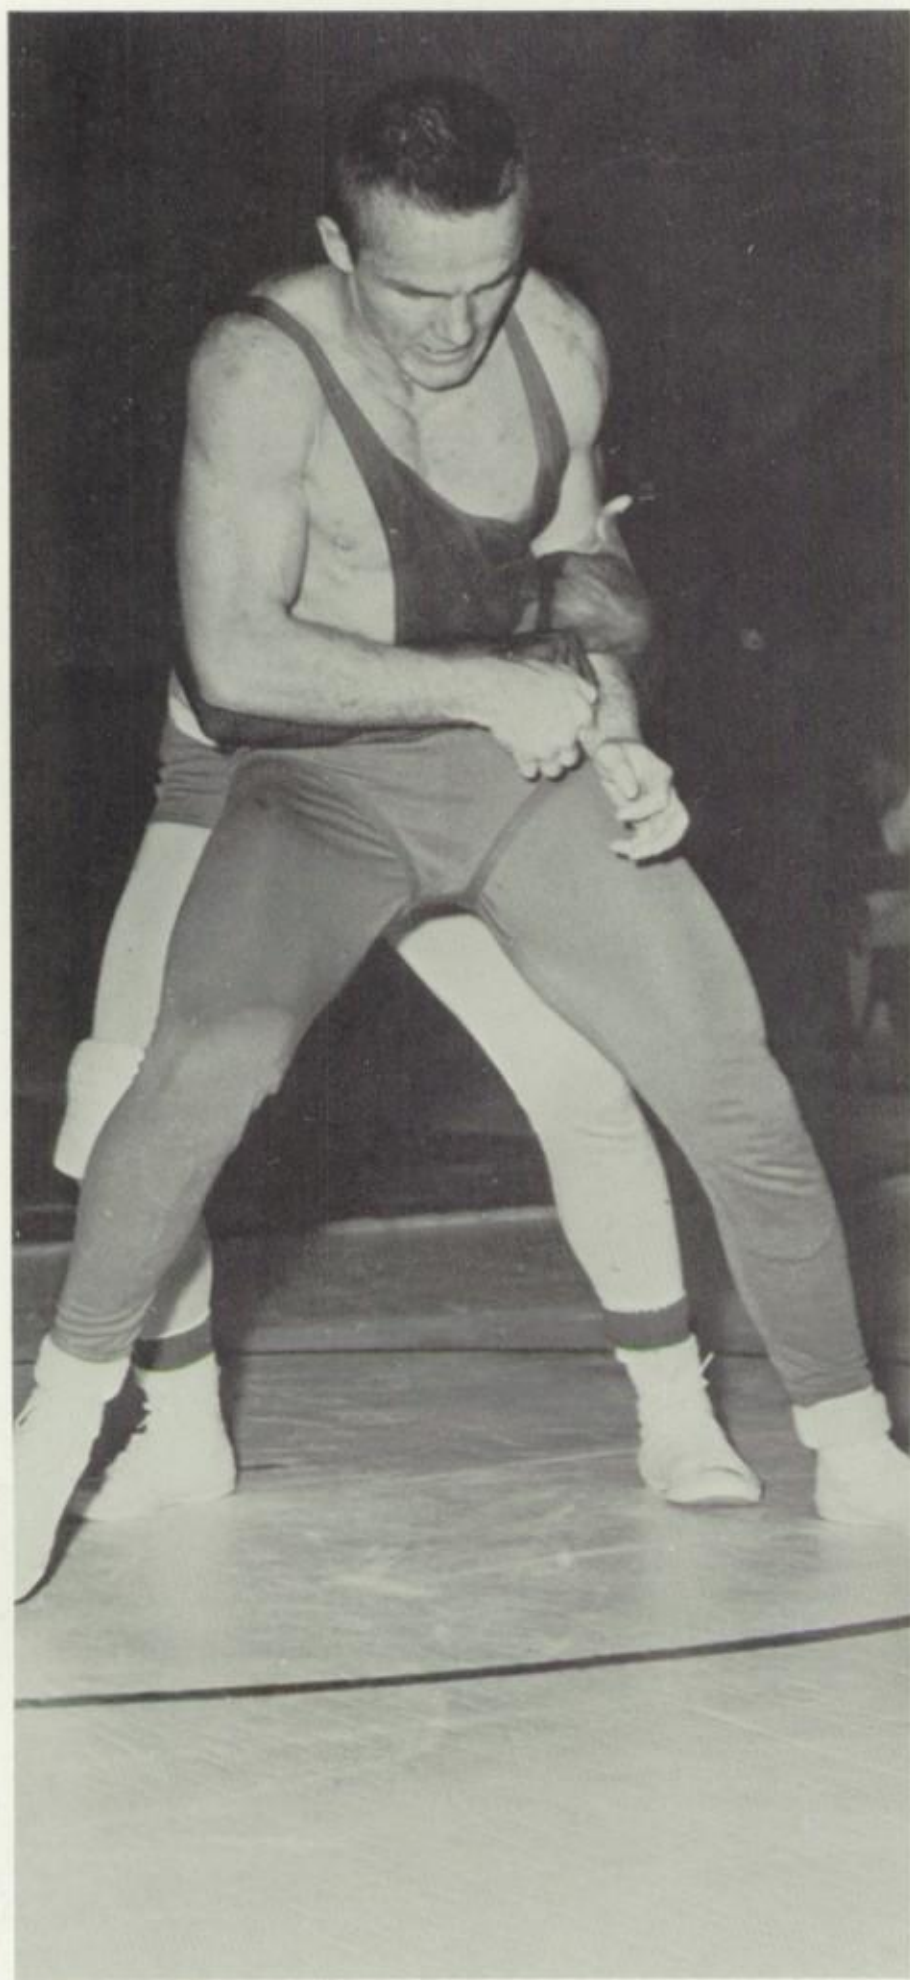

Ninety-five pounder Johnny Coassolo pinned Union foe with a cradle hold.

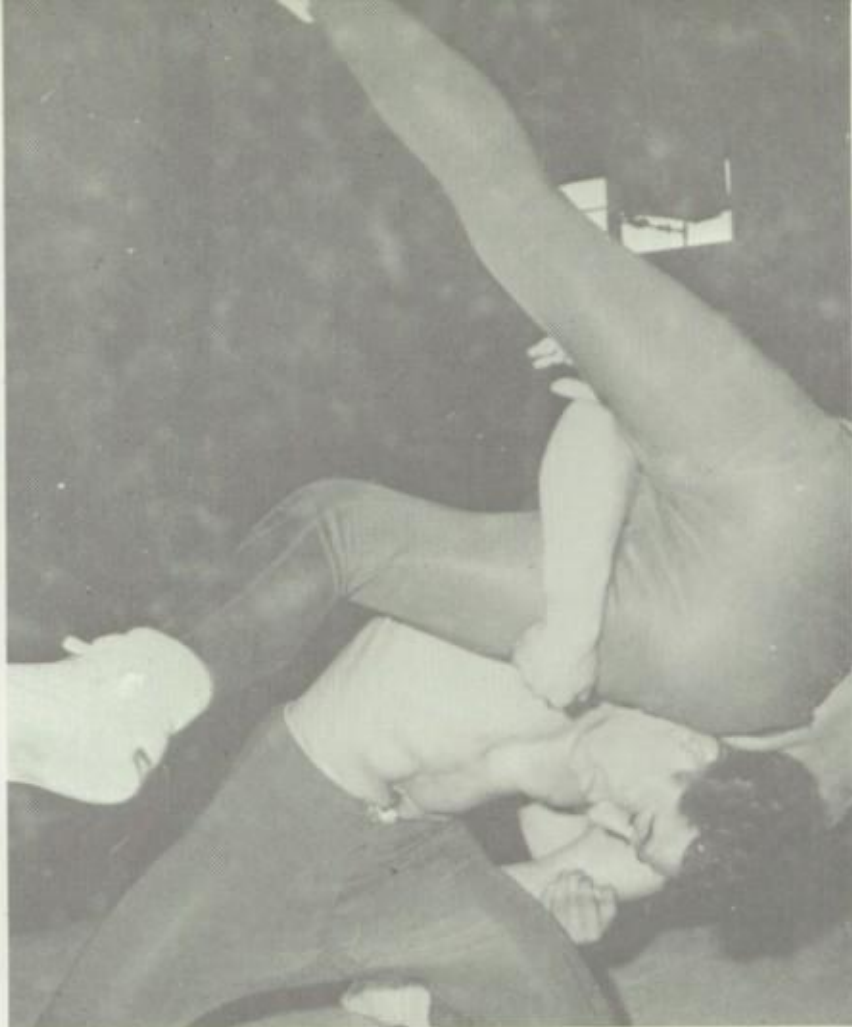

Varsity wrestlers were, FRONT ROW: John Hill, Pat Malloney, Curt Simon, John Naughton, Miki West, Bob Meador, and Johnny Coassolo. BACK ROW: Bob Templin, Tom Phelps, Pat Lefever, Mike Cordon, John Owsley, and Coach Covey.

Against his South Mountain opponent, Pat Leferve stood up trying for an escape to earn two points.

Chris Lawlor cross faced Phoenix Union opponent and got the takedown for two points.

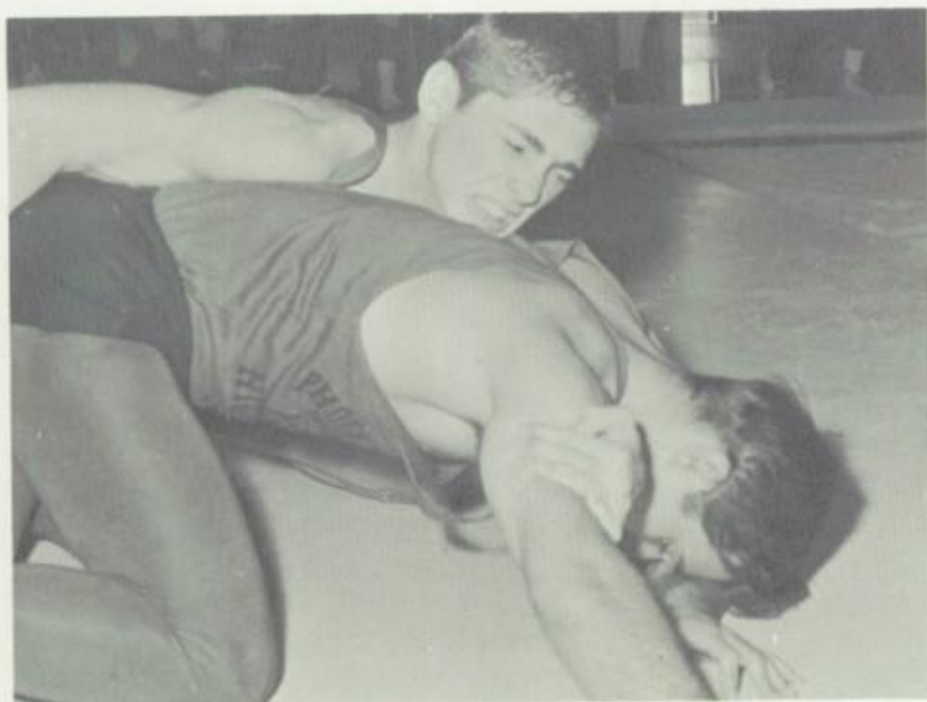

Johnny Coassolo followed through on his fireman's carry on matman Jack Beveridge.

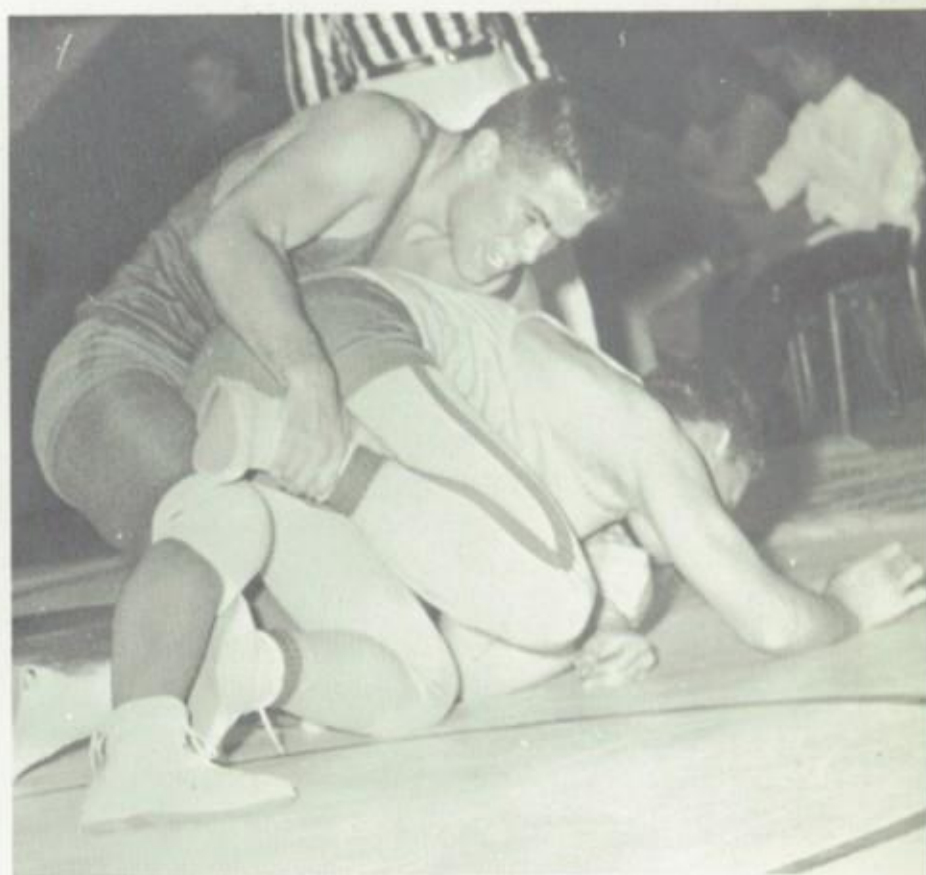

Junior Varsity wrestlers were, FRONT ROW: Dennis Lindberg, Ernest Aldama, Tom Tieman, Joe Pacheco, Mike Jackson, and Kenny Rudisal. BACK ROW: Coach Caldwell, George Thom, Glenn Alford, Craig Green, Spencer Smartt, and Richard Holmes.

John Owsley put the cross face on his Phoenix Union foe to gain a better ride.

180 lb. wrestler Tom Phelps grabbed a leg and arm to break down South Mountain Rebel.

Corey Fox flipped off the horizontal bar during practice as Coach Brookhart held the safety belt.

## Gymnastics Team Formed On Campus This Season

Gymnastics started at North for the first time this year. Under the direction of Coach Brookhart, the gymnasts learned to do their routines on the horse, parallel bars, trampoline, horizontal bar, and tumbling mats.

A new sport at North this year, gymnastics had a turn out of over eighty boys. Not being able to handle that many boys because of lack of facilities, Coach Brookhart cut the team to a smaller squad.

Due to the fact that this sport is new, the boys spent quite a bit of time acquiring the physical conditioning and stamina needed for gymnastics.

Gymnastics team members were, FRONT ROW: Joe Kappas, Mike Johnston, Dennis Casteel, Burly Taretzki, and Mark Dake. SECOND ROW: John Terry, Bob Davies, Bob Barfoot, Corey Fox, Bob Nelson, and Tom Whitters. BACK ROW: David Edwards, Bill Zuraff, Nick Griggs, Bill Shatel, Roger Williamson, Terry Burns, and Coach Brookhart.

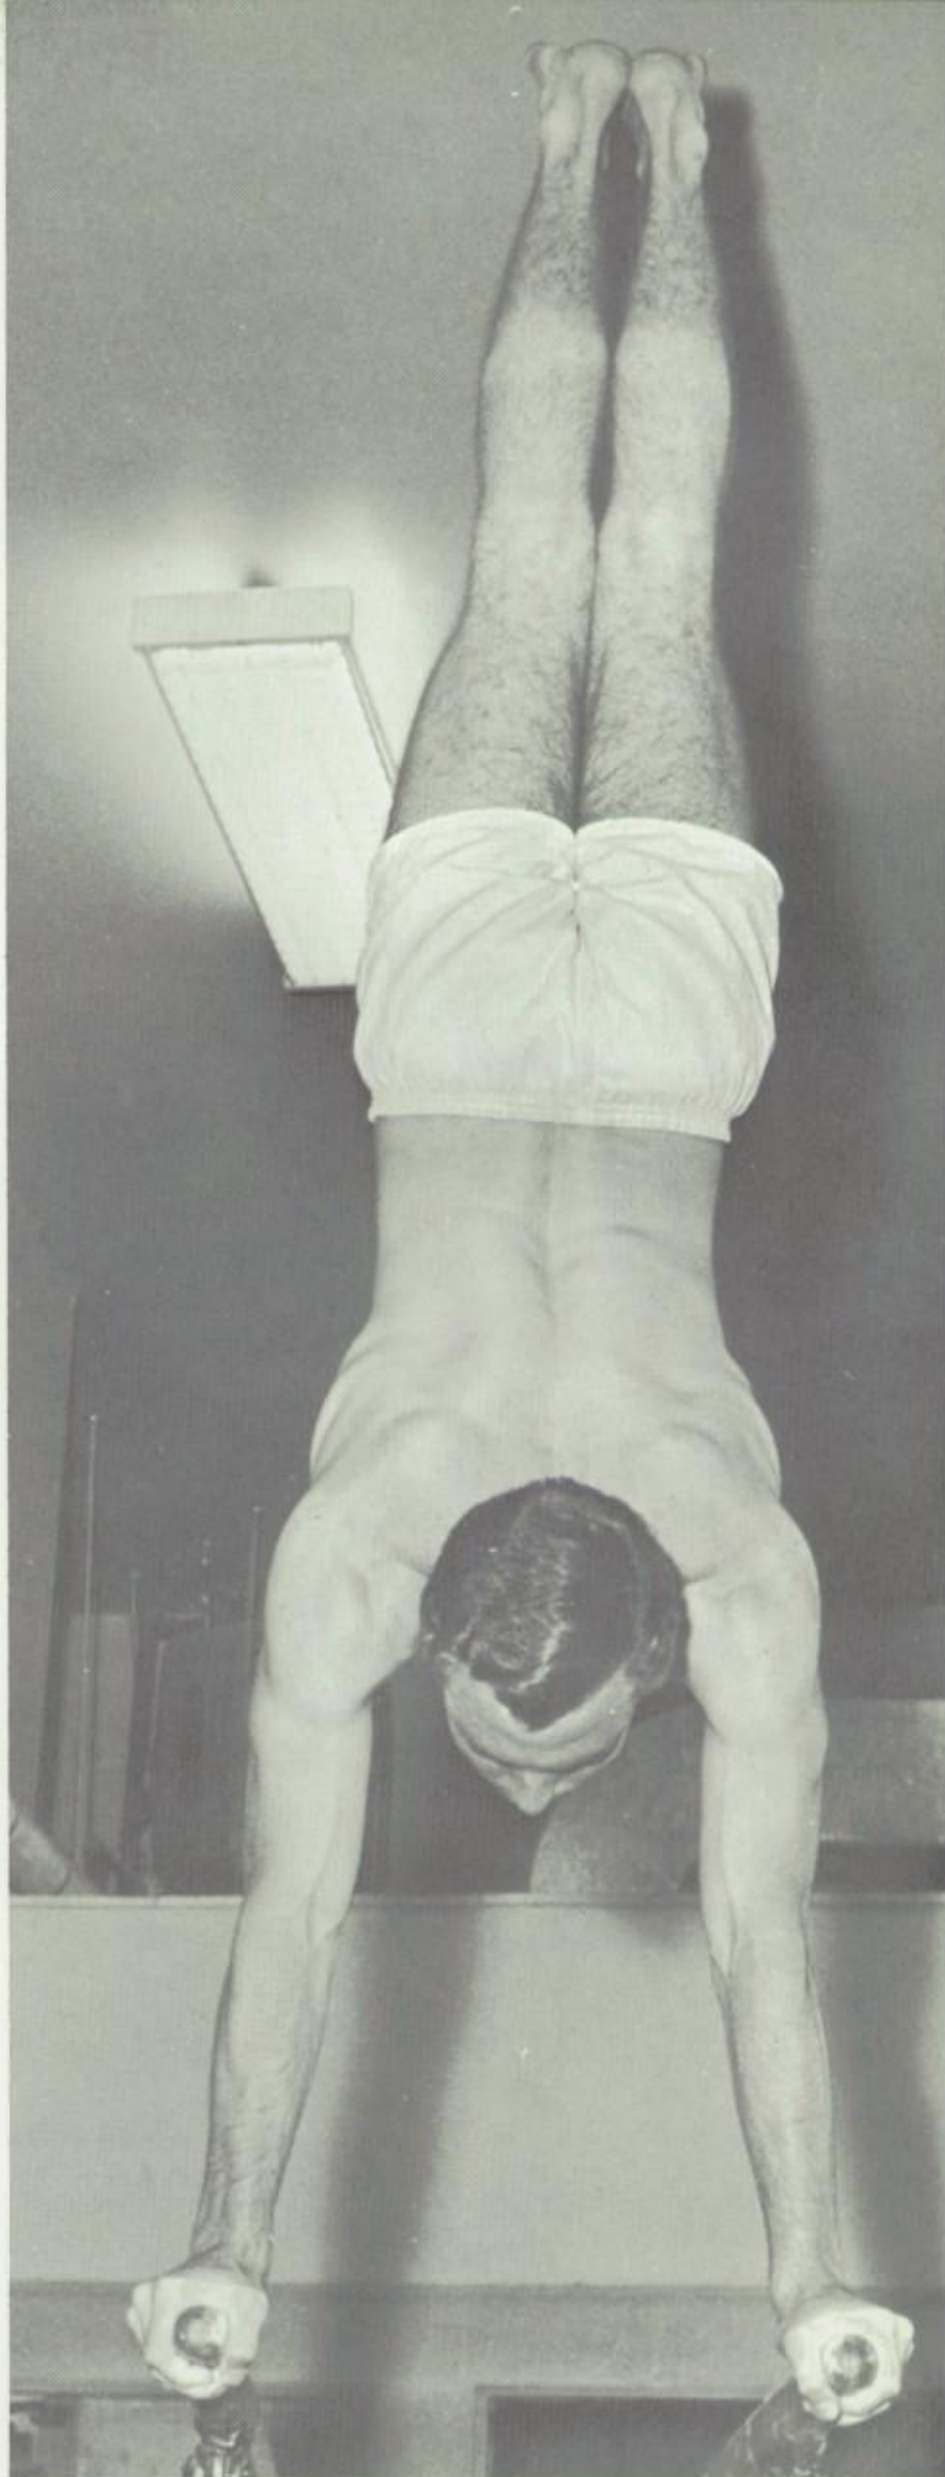

A gymnast completed a giant swing on the horizontal bar during practice.

Corey Fox ended his tumbling routine with a backward flip.

David Edwards locked his elbows and remained poised in a handstand on the parallel bars during a gymnastics workout.

Girls' golf team members were Cairo Martinez, Kathy Henning, and Sandra Manning. The team played various high school groups across the state.

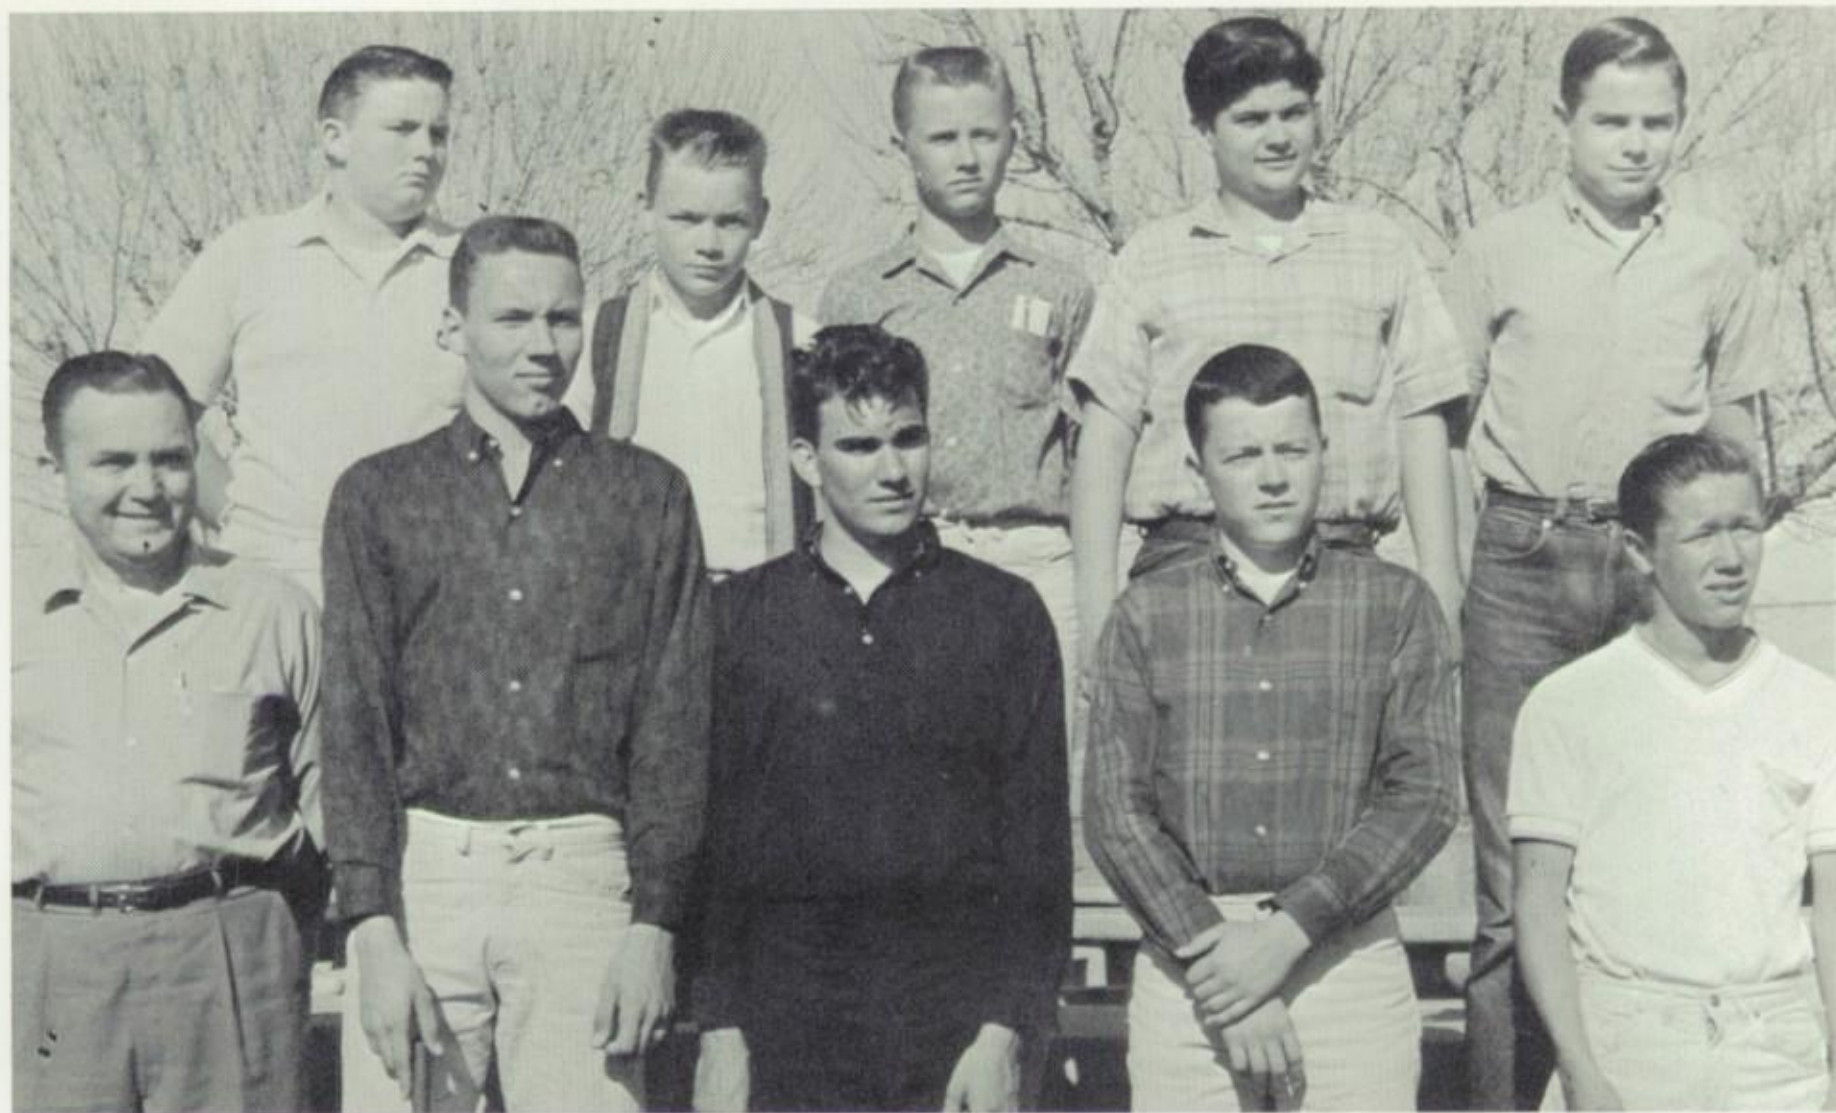

Miss Standafer, girls' golf team coach, demonstrated good golfing form to Kathy Henning and Cairo Martinez during practice.

## New, Advanced Golfers Participated in Competition

Representing North High in golf matches was the girls' golf team. The team consisted of girls interested in both beginning and advanced phases of the sport. Miss Standafer, new team sponsor, guided the members in their activities. Beginning golfers used the campus to practice after school and the more experienced girls played at local courses. On the team's schedule were matches with teams from many state and valley high schools.

Golf Team Members were, FRONT ROW: Mr. Williams, Chuck Bedard, Joe Paletti, Jerry Cornoyer, and Gary Love. BACK ROW: Curt Lance, Bob Haley, Jerry Danielson, Richard Ferria, and Peter Woods.

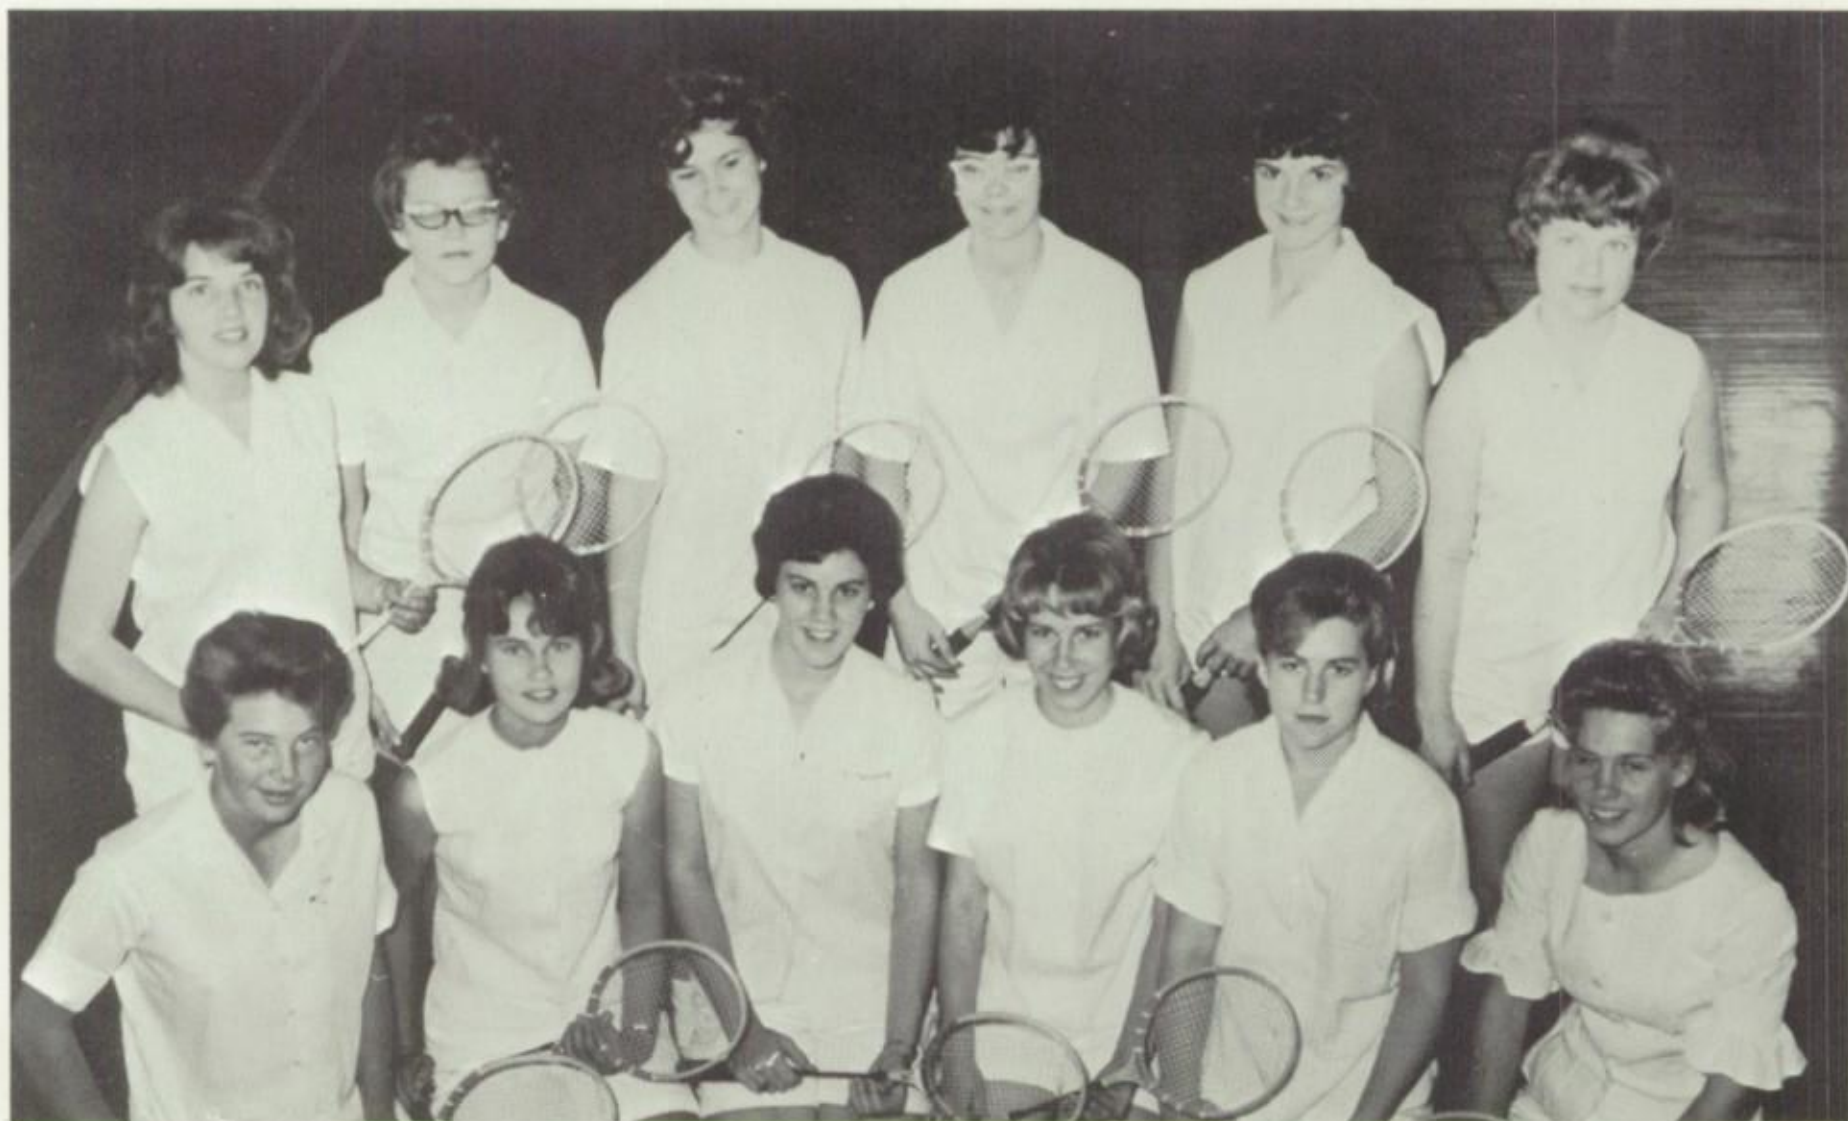

## Members of Golf Team Challenged Other Schools

Mr. Harold Williams, in his third year as coach, led the boys' golf team through another excellent season. Jerry Cornoyer, returning letterman, was this year's number one man. Matches were held every week against other high schools. Practice and meets were held at the Encanto Golf Course.

Golf Team Members Gary Love, Joe Paletti, and Chuck Bedard watched Jerry Cornoyer demonstrate proper form and stance for putting.

Varsity Badminton Squad members were, FRONT ROW: Pat Conway, Linda Seikenson, Kathy Henning, Carol Kosto, Sue Heizer, and Pam Lynch. BACK ROW: Leslie Merrill, Linda Bell, Jan Ansel, Linda Stein, Vicki Love, and Barbara McGee.

## Badminton Included As a Girls Participation Sport

Supplementing one of the girls' sports, the Badminton team included girls interested in badminton. Games were mostly inter-team and played before school and during lunch periods. Miss Standafer, team sponsor, directed the girls through successful matches with Valley schools and the Arizona State Badminton Tournament.

Carol Kosto, top badminton team member, tried to reach a serve in an intra-school badminton game.

Members of the archery team were, FRONT ROW: Carol Saliba, Pat Conway, and Martha Walthal. BACK ROW: Joy McCraw, Pam Lynch, Linda Stine, and Kathy Manning.

Pam Lynch, Linda Stine, Martha Walthal, and Joy McCraw practiced after school and during the fourth period.

## Archery Team Competed In the ASU Tournament

Archery was again included in the girls' sports program. By practicing after school and during lunch periods, girls on the archery team improved both coordination and marksmanship. Girls on the archery team were eligible for competition in the annual Arizona State University athletic tournament. Coaching the girls archery team was Miss Standafer.

## Hyatt Number One Netter With Boys' Tennis Squad

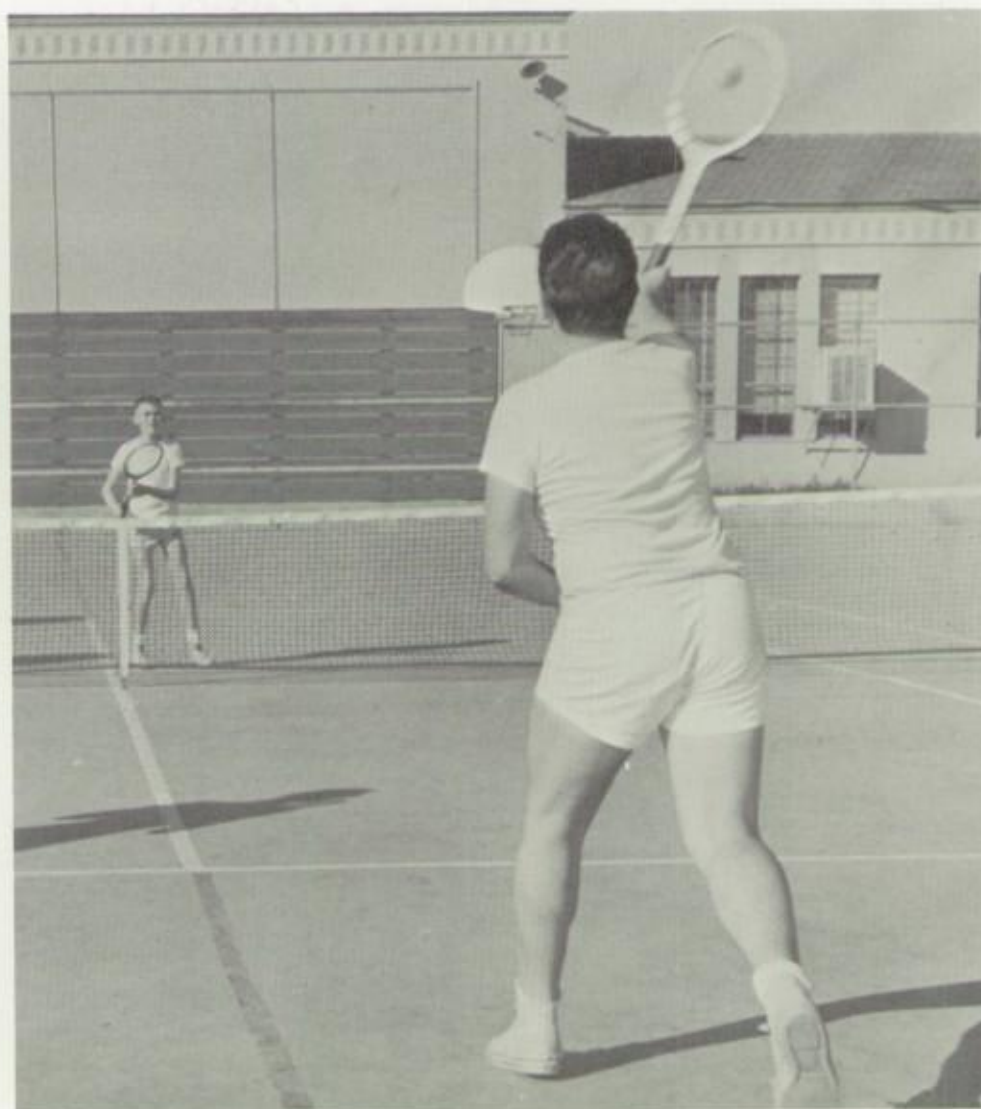

North High's boys' tennis team worked hard this year not only to improve the school's tennis record but also to improve their style. Under the sponsorship of Coach Hardt, the boys worked diligently throughout each session. After the preliminary practice sessions and tryouts the varsity team was chosen for the year. Duane Hyatt was the number one player on the varsity squad.

Craig Weatherup stretched for a difficult shot.

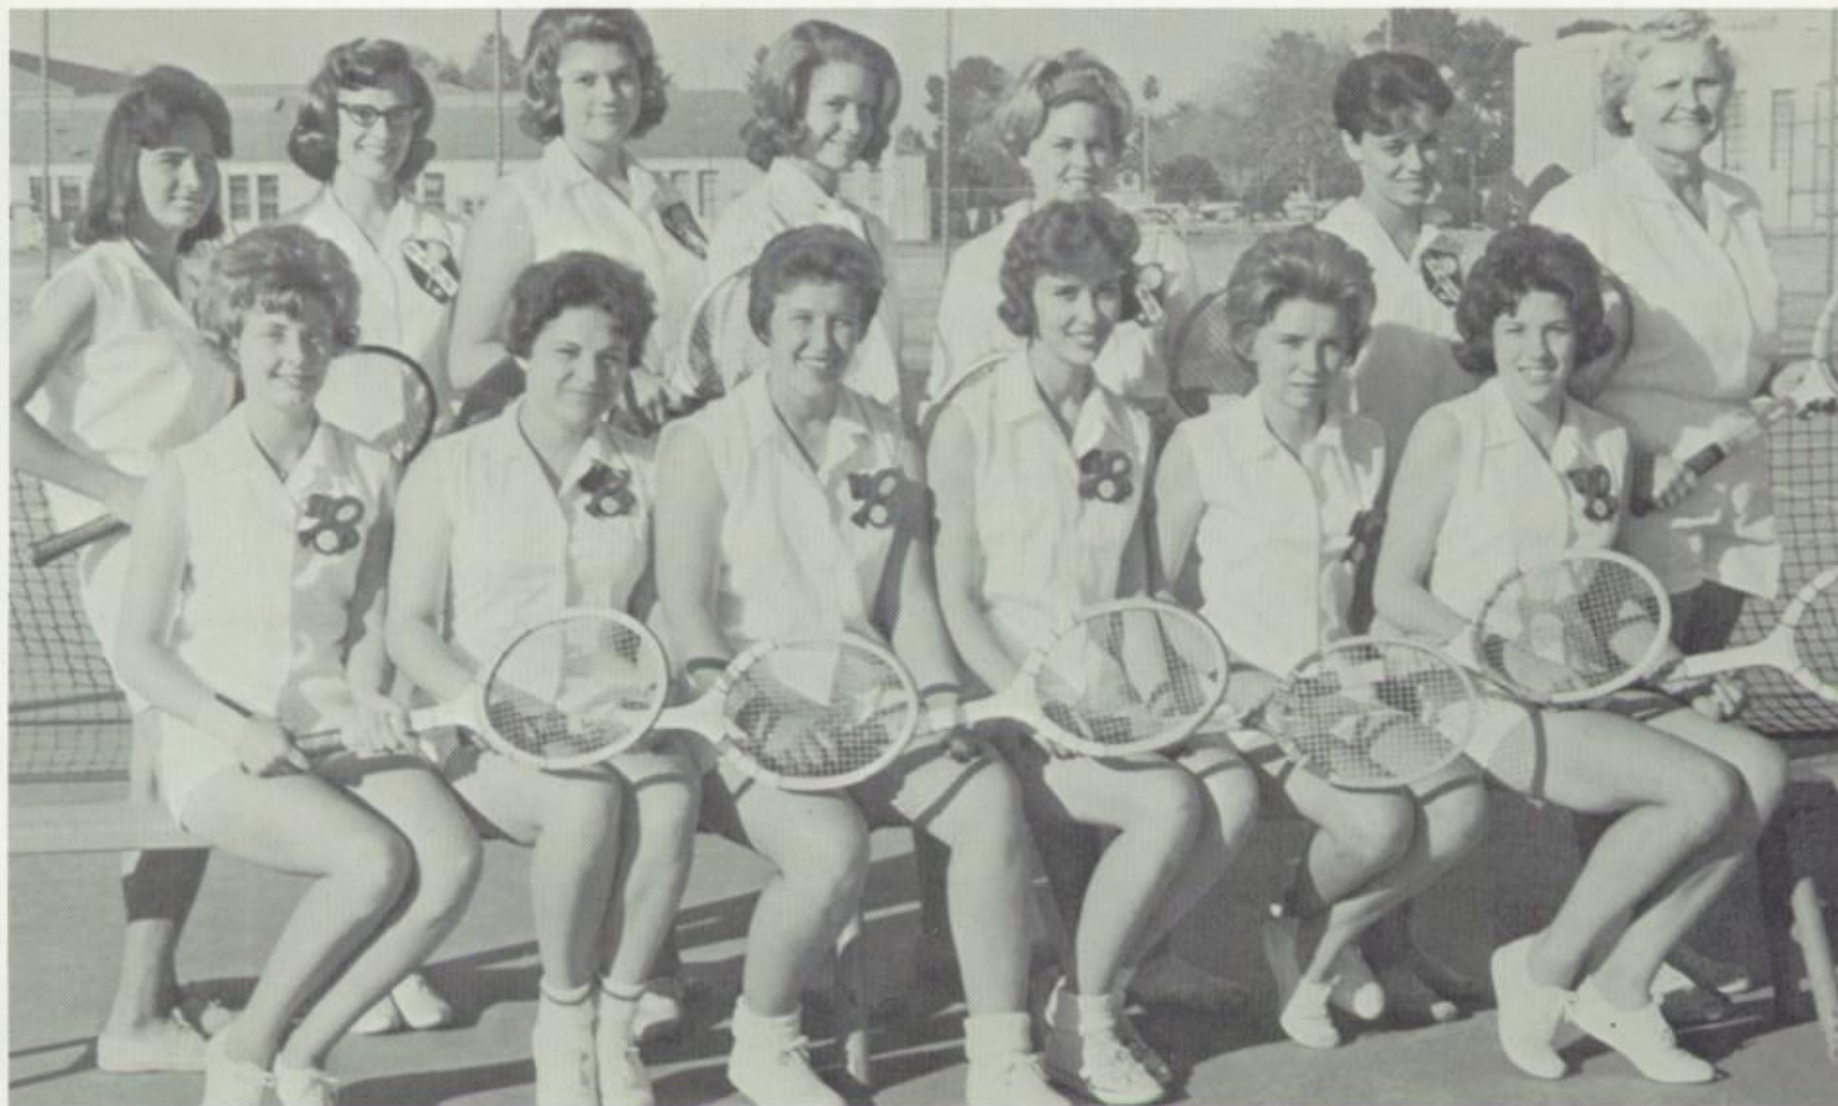

Mark Weatherup accepted the defeat gracefully from his opponent.

John Ecks returned the ball which Mike Kern served.

Varsity girls tennis members were, FRONT ROW: Sherry Stevenson, Vicki Flynn, Lona Lee, Cathy Colvin, Barbara Lee, and Sharon McClellan. BACK ROW: Beth Flynn, Charlotte Kilsby, Jana Fait, Kris Carson, Kris Swarr, Joanne Zannis, and Miss Wilkinson.

## Tennis Players Competed With Other High Schools

Girls' Varsity and J.V. tennis squads completed another successful year. Throughout the year they participated in intra-school matches and matches against other schools. Miss Wilkinson, again team sponsor, guided the girls in developing skill, fitness, and style along with fellowship and fun.

Lona Lee backhanded the ball to return the shot to her opponent during a practice match.

# Classes

For a win, a chess game must end in a checkmate, a point where one king cannot move to any position where he will not be captured. Classic chess pieces represent in this checkmate the blending of modern and traditional in today's students. Graduation closed the game for the seniors at North in 1963; but, like chess, a new year promised new pieces and a new game. The checkmate just ends a single chess game, and education is not over with the close of a single school year.

Senior class officers were, SEATED Terry Gonzales, vice-president; JoAnn Hudson, treasurer; and Sandy Johnston, Girls' League president. STANDING: Lance Sherwood, president; Claudia Everett, Honor Court judge; Lindy McClintic, secretary; and Shirley Smith, Honor Court judge.

## Four Successful Years Brought to a Conclusion

Leading the Senior Class this year were Lance Sherwood, president; Terry Gonzales, vice-president; Lindy McClintic, secretary; JoAnn Hudson, treasurer; Shirley Smith, Honor Court judge; Claudia Everett, first semester Honor Court judge; Kathy Krause, second semester Honor Court judge; and Sandra Johnston, president of Senior Girl's League Council. Helping the Senior Class officers as sponsors were Mr. Miller and Miss Nelson.

Many activities and fund raising projects were initiated by the seniors. One such activity was the construction

of the float "Stew 'Em Again" which won the Homecoming game competition. A pancake breakfast was sold to the student body during January to replenish the treasury and a sports dance was sponsored after the Phoenix Union and North football game. During December the seniors went to the Snowbowl near Flagstaff, brought back snow, and built the traditional snowman on the auditorium steps. When May came, Seniors had to squeeze studying in between their activities. Among these were the graduation rehearsals, the All Night party and the Senior Farewell Assembly.

## Dances, Sales, Rodeo Day Features of Junior Class

Junior Class members kept busy during the past year starting with a successful Mustang pin and sno-cone sale to students buying books in August. Other projects were the sale of North High sweatshirts, mistletoe at Christmas, and a second Mustang pin sale in September. The Junior-sponsored "Basket-Brawl" which took place on March 8, was a basketball contest matching faculty members and football players and cheerleaders and

poms. Gymnastic demonstrations were presented at half-time.

For the first time in North High's history the Juniors sponsored a Rodeo Day. During the day an assembly, a barbeque, and dance contests took place. Most students wore casual western clothes that day. An annual project closing the year's activities was the Junior Senior Prom which was held at the Phoenix Country Club.

## Freshmen Made News with Frosh Homecoming Float

Each fall sees the entrance of a new class. Every freshman class must endure the teasing of upperclassmen, and every freshman class endeavors to make a name for itself in the school. The class of '66 began its high school career by electing a slate of officers to lead the class. The officers elected were Charlie LaBenz, president; Marcia Rohrig, secretary; Anita Smith, treasurer;

Steve Mills, Honor Court judge; and Linda Sladish, Girls' League Representative. Serving as sponsors were Mrs. Virginia Brown and Mr. Carl Wagner.

Freshmen were not idle. Their projects included a sports dance, a Homecoming float, promotion of the PTA dinner, and the initiation of a fund raising project at the end of the year.

susan,

 & down to earth

I just read your letter  
 and I was so glad  
 to hear from you.  
 I hope you are  
 well and happy.  
 I love you very  
 much and I hope  
 to see you soon.  
 P.S. I hope you  
 are well and happy.  
 I love you very  
 much and I hope  
 to see you soon.

After the checkmate the chess game is over; the chess pieces are put away; the players leave. Only the empty chessboard is left as a memory of the completed game. After the 1963 graduation North was left as the deserted playing board until another year. The pieces, the seniors, had completed their game and would not return. The faculty and administration who had guided the seniors through the game went home until the new school year. However, education does not end with the passing of one year. Although one class had gone from North, a new set of students would come to use the playing board again; and North High persevered.

## NEVER STOP LEARNING!

Graduation isn't the end of education. The things you've learned during the last few years are only tools to help you learn more. We've been around since 1886 and we're still learning. It's the best help we have in planning today for Arizona's future ENERGY needs.

Susan, Although we've had  
many hard and trying  
moments in English,  
it's all been fun. Look-  
ing forward to next  
year and another  
glorious 2 semester of  
hard STUDY work.  
Good luck,

it under the Bridge,  
if nothing else. Have  
a good summer!

Susan,

excerpts from  
"Water Under a Bridge"

I am the water that flows  
under the bridge,  
I am of the power elite,  
I am of the Establishment,  
I am a three-quarters  
crazed maniac
